

The Great Ascension

Your Next Step: Ascend to the New Golden Age

Supreme Father channeled by Erena Valezquez - September 25, 2021

Greetings My Children, I am Supreme Father of Fathers, God, Creator and etc. This is my second communication to humankind on request of Prime Creator. He asked me to bring to your attention the importance of following the Universal Laws and the truth about walk-ins.

My Dear Children, I have been always observing Mother Earth from the distance for a long time. I have noticed that many different kinds of information are floating around in the Light Communities, and things have become very confusing on what is the real truth and what is not. Your consistent meditations are going to connect you to the Universal Truth, so you will able to determine, if the particular intel is real.

When ego is in charge instead of the soul, it can lead you to believe in false information. The Universal Truth is the most reliable source you can link to is the connection that comes from the God within you. That is Correct, all of you have a God in you, and now it's time to release your Godly essence, which is going to guide everyone on their journey to Ascension.

The humankind came to rescue Mother Christa and got stuck here because of 3D Matrix. This is the right time to let go of all the attachments and leave the Matrix as soon as possible. To accomplish this task, you must stay 24 hours in high vibrations above 3D.

Your next step is to Ascend and move to the New Golden Age. In the near future the old Earth is going to dissolve, as at this moment there are two versions of Mother Earth: 5D version and 3D version.

There are billions of civilizations existing in the Cosmos, so not to have complete chaos, I, Supreme Father created the Universal Laws. These rules are the same to every living being anywhere in the Galaxy, Universe, Star System, etc. Only, the Dark Souls avoid to follow them and try to make their own rules. They harm others and create very negative energy that comes back to them.

Please be aware, the action of taking someone's life is unacceptable and punishable by the Universal Laws to the extent of losing the soul. Some of these dark entities killed millions and destroyed whole Galaxies. Prime Creator and I, Supreme Father, both cannot allow for such travesties to continue, so we got involved as giving too much free-will and freedom to the Darkness. The balance between the spiritual world and non-spiritual world needs to be restored.

Regarding the walk-ins, I want to assure all of you, it's prohibited for the reason of making disarrays and confusions, and it could cause some unexpected and tragic events. For the safety of physical bodies or host, it is not permitted by the Universal Laws, which are same to every race in the Cosmos.

You don't need anyone to assist you to win this battle between Light and Darkness. Each soul, who came here to rescue Mother Gaia, carries the essence of God within. Believe in being victorious. Please, never forget that the future is built in the present. I am sending my Love and Blessings to each of you. I AM GOD AND SO ARE YOU.

The Great Awakening

The Team channeled by Peggy Black - Sept. 21, 2021

Greetings. We are here and we begin this by sharing that there is much work to be done. We will also say there is much work being done across your globe. There are those awakened and looking around with new eyes. There are those who are awakening with fear and confusion. There are those of you who are awake and aware. It is those who are awake that will reach out to others who are ready.

We are inviting you and those like you, Bright Ones, for it is your light, your energy, your radiance that precedes you. These are times of great shifts and changes on your planet. This is on every level and at every stage. You can sense or feel it.

You can observe all the negative energy being flushed up to be transformed. This negative energy is causing much distress, fear and alarm. It is being out-pictured in the events and happenings around your world. This energy is most difficult and painful for those who are extremely empathic and sensitive. Know that your sensitivity is your gift. When you feel these negative and misqualified energies, it is your birthright and responsibility to transform them.

Remember you are true masters of energy, you are alchemists, here at this time to shift and uplift all on this planet and in this limited dimension to a higher frequency of love and grace. Since you are always connected to everyone and everything you have the power to invite and envision a different reality.

Everyone is more aware of the total connectedness. Your internet is serving as an example of communication, like the energy communication from other dimensions.

Earth is very much like the reflection in physical matter of the energetic patterns and geometric shapes carried by the frequencies, the vibrations through the dimensions.

Think of the dimensions not so much as going up as more like nested together, one inside the other, each in turn affecting the other.

What happens in the galaxy is manifest on your planet. What happens on your planet (in the form of energy from mass consciousness) ripples and is received by the galaxy. It is all one. You, as a human with a body, carry within yourself a reflection of the stars, moon and sun. You carry an aspect, a reflection, an interface with the galaxy.

Remember this is a game of evolution, a game of consciousness, a game which allows all energetic signatures to be experienced. You as human are like the most sophisticated, refined, highly developed probe that could be designed. You are information gatherers, sensing, feeling and ever expanding from Divine Mind. Planet earth has been a wonderful extension of Divine Mind.

The human body co-joined by spirit, interfacing with all possibilities, all emotional experiences, all thought forms is the incredible journey and opportunity in which those in non-physical form long to participate. The human body co-joined by spirit has amazing capabilities that have not even been revealed until this time. There are those with whom these abilities have been more visible and they are called your avatars, your divine ones, your Christ conscious beings.

All humans have the same connections, the same abilities, the same qualities and the same programs to work with energy and this physical reality in a more advanced, aware, awake way. You are beginning to recognize that you are descendants of the stars. You are one of those selected to be in the wave of this group experience. You have transformed other planets on the timeline.

You are a master of energy, frequency and vibration. You were selected to receive the golden ticket to be present and anchor the reality of the great awakening.

Your universe begins with you. Everything outside of your consciousness is an extension of you. You are Divine Mind ever expanding. You are a Divine Creator learning how to create in a dense, limited dimension.

The goal is to realize and activate the latent abilities to align group energy and group mind with the galaxy and with mother earth, all in one energetic flow of nested realities.

The energies of the galactic center have been offering intense frequencies to awaken humanity. These energetic infusions are offering new patterns and downloads, minute by minute. These high activations and frequencies expand your divine awareness and consciousness.

More and more humans are waking up and realizing that they are more than their physical body and life. They are being triggered to be open to their own amazing abilities; they are sensing their true connection and oneness with all. Many of you are experiencing being more telepathic, hearing guidance within your own mind and heart that you know without doubt to be true.

Many of you are experiencing moments in which you disappear and then are jolted back to your physical form. Often you have a brief memory of where you have traveled and often that is still a mystery. Trust us, these out of body experiences will become more real and you will be able to recall where you have traveled. Trust the process.

The energy consciousness of Divine Mind vibrates, moves, shifts and flows through all.

Each one is responsible to awaken and realize their part in this energetic flow. Each one is responsible for the thoughts, feelings and actions that are put forth into this grid. Do you put forth fear, hatred, chaos or joy, love and peace. Each moment it is your choice as to what you send forth.

Practice sending forth only your best. Practice breathing, walking, sleeping and interacting in joy, love and peace. You have our blessings. Be at Peace, Beloved. the 'Team'

On the Changes Taking Place Now

Merlin channeled by Jenny Shiltz - September 22, 2021

Greetings. You are familiar with Avalon, how, due to the lowering frequency of the world and the encroachment of belief systems; magic and particularly female empowered worship were seen as evil. This created a need for a veil, a separation of worlds.

Throughout history, there have been groups that have pulled away from the lowered vibration, and for their safety went vibrationally beyond their current reality. You may see this as a seamless process. I can assure you that it was not. It took considerable time. Many could not believe what was happening, they thought that reason would return, and therefore stood in resistance and were washed away by the changing tides.

Now that the Earth is raising her vibration, the veil that was put in place is lifting. We are on a new cycle, a new wheel, a return to a reality filled with more wonder and magic. The change is in front of every person. The opportunity to reclaim within themselves all that was lost behind the veil is present. Yet, here again, many are still holding on to what was, while etherically dreaming of a future. I ask you, who will physically create the new?

Each person must ask themselves if they want to expend their energy watching the

collapse of the old or in building the new.”

“Your world is changing drastically. Your medical system, for example, can no longer adequately support the needs of the ascending human. You can either watch the collapse or you can create structures for the people to move into when the time comes. Change is coming. There will be chaos, but much can be mitigated by the creation of new structures or systems for them to access.

If one system fails and there is nothing to take its place, chaos will reign longer. In that space, it'll be harder to create the new as it would be created in reaction instead of passion.

Many of you have ideas, passions, and visions. Yet so much of your energy is taken by focusing on the collapse. We urge you now, build the new. Follow your dreams, follow your passion, follow the urgings, and create!

Being present and not in resistance allows for the flow of information and ideas to come through, now is the time to plan, to organize, to visualize your garden for the spring. Why lament over the dying crops when there is a whole new garden to plan?

A Glorious Vista Shall Open Before You
Archangel Michael via James McConnell - September 21, 2021

Greetings. I am Archangel Michael, and it is my pleasure to be with you here in this time, in these moments.

These moments that are gathering more and more momentum. Momentum that is taking you further and further, deeper and deeper within yourself, when you allow it to be.

Yes, of course, you can get wrapped up into the third-dimensional illusion. It is very easy to do so. It is more difficult though to let go of that and feel the connection, feel the oneness, feel the consciousness of The One. For you are that consciousness of The One. You have always been; you've just forgot.

But now it is time to remember. Remember who you are and what you came here to to. All of you came here for a purpose. And yes, your purpose changes as you move along your journey.

But the greater purpose, the one that you all came here to do, is to be those

System-Busters to bring the change and the Change-over that is necessary here.

The Change-over that all of us, all of the Galactics, all of the Archangels and the Angels, and all of the Devic evolution, the Faeries and Gnomes, the Sprites, all that you can no longer see but are here anyway, we are all here, and we are all ready for the time when you will open your eyes.

Your third eye that will connect, and is connected to your physical eyes. And you will open them for the first time in this lifetime, or even in many lifetimes, and you will see. You will see beyond the illusion once and for all. You will see the beauty that surrounds you, that is imbued within you and all around you all the time. You will see it with those eyes, finally.

And it will be a glorious vista that will open up in front of you. Beauty that you have never imagined in this lifetime or, again, in many previous lifetimes. Although many of you have had certain lifetimes here on the planet where you did open up to this vista. You were open up to the magic that was available to you.

But, of course, purposefully you forgot of this. You forgot it so that you could have the full remembrance when the time comes, when the frequency rises enough that you could have this full remembrance come back to you and remember fully who you are.

And that you are the ones, the guiding guardian ones, that came here from systems far, far away, many galaxies beyond this galaxy. And you came here to bring the Light. To first anchor the Light here, and then to spread it far and wide. Spread it in any way that you can, whether through voice, or thought, or whatever is needed, through the printed word, through your videos. Whatever it is, it brings Light forward to the many. For it is ONE in the many, and the many in the ONE.

You always have to remember that now, as your remembrances are beginning more and more to trickle down where you have a vision, you have a dream, or simply a thought. And that thought, or that vision, or that dream, carries with it the emotion behind it. And you know and feel it could be accurate. You know and feel it could be the truth because it resonates within you.

All of you now are moving forward, further, further and further, deeper and deeper into the Light. The Light that surrounds you all the time, if you but become aware of it. It is always there. It is always within you.

It is the ego self, the lower ego self that tends to hold you in the unknowingness. But it is only doing that to protect you. For it does what it was meant to do. But at some point during the Change-over or just prior to it, the lower ego shall fall away.

And the higher ego self with in you will take form and carry sway over your entire being. And all of your multi-dimensional selves will become aware to you, to the conscious knowing you. Imagine, [an image in], what that will be like!

Continue to have faith, my friends. Continue to trust. Trust in the knowing that each of you have, and that each of you are. For the Light is gaining more and more force

across the planet, and the darkness is fading away more and more, even though it does not appear to be so.

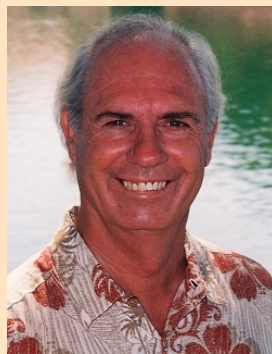

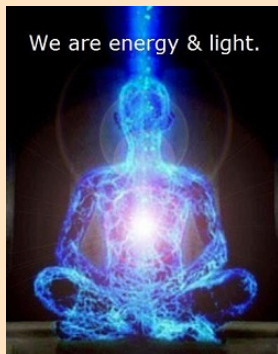

But you, that have the eyes to see and the ears to hear, know better. You know that the illusion is falling away. And this is the only way that it can happen. For all of the 3-D realm, the 3-D paradigm, must come crashing down. All must fall within the third-dimensional illusionary paradigm, for the new paradigm to rise from those ashes.

You are at the cusp. You are at the crescendo. You are at the ending of the new beginning that is coming fast. Trust in that always. And that trust will lead you directly into the first wave of ascension.

I am Archangel Michael, and I leave you now in peace, and love, and oneness. And that you BE the ONE. Always know that you are the ONE. You are connected to the oneness of all. And the all is connected to you.
