

Time to Choose: 3D or 5D New Divine Earth

The Pleiadian-Sirian-Arcturian Council of Light via Disciple John

We are here now. We love you. We are you, from your future, to assist you on your path. Dear Ones, all Star Fleets of Light are currently beaming high amounts of Love frequencies to your planet to assist in the grand transition.

Humanity is approaching a pivotal point in the separation of worlds.

One world will continue in the third dimension, which is the lower dimension, and will have a chance to choose their ascension at a later point.

One world will ascend into the higher dimensions and enter the 5D - New Divine Earth experience.

It is imperative at this moment for those who wish to be part of the 5D Earth to disconnect completely from the 3D experience.

That means to eliminate any thoughts, feelings, words and actions relating to the fear-based 3D world.

The choice is entirely yours and you have free will in this.

But if you do choose the 5D world, it will take a very strong stand from you:

Detach any connections to negative, fear based concepts and replace them with love based concepts completely - 100%.

Use all the self discipline you have and disconnect all limiting and fear based beliefs, thoughts, feelings, words and actions now.

Bless all life.

Meditate in stillness as often as you can.

No Judgement or opinions of others.

Connect with Source/God/Your I AM Presence as often as you can.

Eat only high vibrational food and water.

Rest and exercise to move the chakras and energies within you.

Visualize the 5D New Divine Earth experience as often as you can.

Love more and be kind.

Connect with the Ascended Masters, Angels, Telosians and Galactic Families of Light as much as you can and call forth our help with this process.

This is not a drill.

It is the last chance to hop on board of the 5D train if you will.

The time has come.

We are holding the vision of the Divine New Earth with you and from our vantage point it is glorious.

We are with you, every step of the way.

You are loved beyond measure. We are with you... always. We love you.
We are you. Namaste.

Note: I resonate with this message. I can see and feel myself going in this direction, taking this guidance to heart. I think by now we all know this plandemic is a scam, perpetrated upon us by the Dark Forces to continue their manipulation and control of the world. It's a war we are undergoing for the liberation of humanity and Earth. The only way to win the war is to embrace our essence of Light and Love in whom we live and move and have our being, and raise our vibration to 5D, in my view. Therefore, you might see some changes in the newsletter in future editions. Thanks for your kind attention - Rev. Dennis Shipman.

Archangel Michael channeled by Erena Valezquez - Sept. 18, 2021

Greetings Beloved Ones, I am Archangel Michael, and I am forthcoming today with my new message to humanity. First, I want to remind everyone that you are a Divine Being, who came here to rescue this planet.

The moment has come for you to take your "swords" and start kicking out the corrupted souls from Mother Earth. The Dark Ones spend enough time controlling and stopping your progress and advancement as a civilization. It's time to break their chains and send them and their 3D Matrix off this world.

Their ruling days are over, and now you can remove them by using your Divine Power hidden within your soul. I have faith that the humankind is going to win this long battle for freedom. If you are in danger, please call my name and I will come to rescue you.

Let me explain something to you, what it means to actually exist or live in higher dimensions. It's a continuous experience of love or being in a state of total bliss. So

far, only the Masters have such awareness, on how a real happiness feels. The ones, who live in 5th dimension or higher, are in a constant euphoria.

In that reality you can effortlessly construct anything your soul desires. Before, humanity may ascend, they need to completely let go of the ego and start living their lives through the heart. As soon as your life becomes a daily expression of Love, all of your hidden gifts are going to come to the surface as a natural process of your spiritual evolution on Gaia.

Your spiritual growth is based on you consistently connecting to your soul through daily meditations. Nobody ever raised themselves without contemplating, studying and learning wisdom from the Masters. Please, stop following, worshiping and listening to the fake prophets. There are many of them around, who keep confusing and preaching false truth.

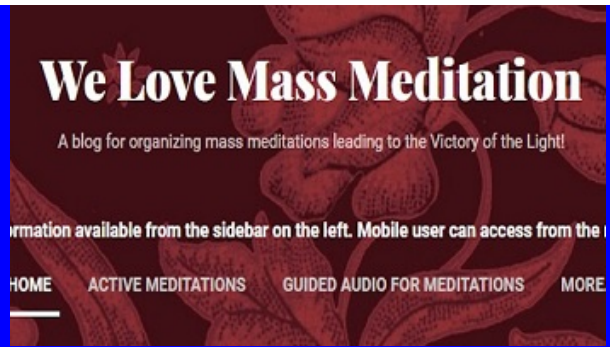

They are saying lies about the future of Mother Gaia and humanity. For example, the information about the soul swapping is absolutely not accurate. The soul uses the same body from the beginning until the human shell dies, then finds or creates a new form. This is why the Darkness can't touch your soul, they can only try to possess someone, the soul is protected by the Universal Laws of Cosmos.

The billions of civilizations are expressions of one Universal Consciousness. I am, Archangel Michael always connected to all of you and protecting you with my sword.

In my previous message, I mentioned about the reincarnation machines, which force everyone to be stuck on this planet by making all of you keep coming back to this world. The Good News!!! There is only now one left, the others have been destroyed by the Light Warriors of the Galactic Federation of Light. Please, never forget to express gratitude for your daily blessings in life.

I am sending my Love and Blessings to everyone. Thank you Universal Channel. Be humble and grateful for all of the gifts that will come your way. Archangel Michael.

September 22, 2021 Equinox Energies
The 9D Arcturian Council via www.DanielScranton.com

Greetings. We are the Arcturian Council. We are pleased to connect with all of you. We are very excited about your upcoming equinox there on planet Earth, because of the energies that we know you will be receiving and indeed have already begun to receive in this moment. You are receiving the beginning of an abundance of energies that will become strongest at the exact point of the equinox, and they will continue to come in even after the equinox because that's how big they are. You could not handle them all at once; they would have an adverse effect on you, instead of the desired effect. You are receiving energies right now that are transformative in nature. They are meant to give you a vibrational upgrade, and if you are open to them, they will.

Those who are not open to them will receive the side effects and not understand why they are experiencing those ascension symptoms. That is why we give you this transmission in advance of the exact moment of your equinox there in September. You can prepare; you can also anticipate the changes that will come as a result of these transformative energies coming into your fields, your chakras, your bodies, your cells, and every aspect of you. You can rest and relax more; you can make sure you are grounded, present, and hydrated. You can even take moments out of your busy day to focus on opening up like a flower to them.

This is what you are there to do. You are there to transform, and those of us in the higher realms are here to help. We will help, and we will continue to help, but we also know that our help is better received when you are expecting it and when you are aware of what the current energies are all about. These energies are all about ascension; they are all about your growth, your expansion, your evolution of

consciousness, because all of those things are tied into your vibration, and you live on a world where there are many things happening all day every day that can bring your vibration down.

So, there has to be a counter to that; there has to be something that balances what you see on the news, and even on social media, that is depressing, that takes your breath away, and not in a good way. When you focus on the fact that you are getting help and that the help is coming from your ability to receive, then you can do something to put yourselves in that receptive state. Many people realize that the equinoxes and solstices are special events on your world, but some are still awakening to that truth, and so we do like to let you know about the energies that are coming, that are already upon you and that many of you are already opening up to right now, as you receive this transmission.

Once you receive the energies, and you feel your vibration getting the upgrade that it needs, that you need, then you can seek to help others. In fact, you will be helping others just by being there and being the conduits of these energies that you are. By receiving them, you anchor them into the physical, and you cannot help but spread them around. If you feel yourself in a state of tension or anxiety, close your eyes, take a few deep breaths, and tell yourself that you can open to these transformative energies of the equinox. Remember that you are capable of doing so, regardless of the situation you are in there on Earth at this time. And do remember that once you get the vibrational upgrade, then you get to spread your higher vibration around, which is transformative for others.

And so, the others who cannot or will not open up to receive the equinox energies will still benefit from them, because you all will have transformed, and you will be speaking, thinking and acting accordingly. You are there to lead the way, to show others how it's done, to be the pioneers, the ones who go beyond where humanity is right now. You realize that it's possible to move forward from where you are, and you have the tools and the knowledge to do so. And now you know what the equinox energies are all about, and you can sit comfortably and quietly and just focus on receiving them. You can and you will because you have received this prompting and because your higher selves want you to.

You are very, very ready for this upgrade, and so is every part of you. You don't earn these upgrades, but rather, they are a natural consequence of you being there on Earth during a period of great transformation. You can make the transformation easier on yourselves, and now you know how. You are there to become your higher selves, your fifth-dimensional selves, and you are there to experience it in the flesh, in a physical body, and we are here to help. We are the Arcturian Council, and we have enjoyed connecting with you.

The Facade Must Fall

Commander Ashtar channeled through James McConnell

September 17, 2021

Greetings. I am Ashtar. I come to be with you at this time to continue to assist you in bringing the truth to you, opening you up to the truth.

Yes, you can handle the truth. For it has been being leaked out, filtered out, for some time now. But as many of you are noticing, it is becoming more and more so as the truth comes out in larger and larger quantities. In other words, more truth is coming forward. And there is nothing at this point that can stop the truth from coming forward. For many of the Lightworking Community, many have stepped out, stepped out in their power and are bringing these truths to you now.

Many that are not even considered [lightworkers] are also bringing out the truth now, even some politicians. They are not all evil. They are not all in error, and are not all part of the dark forces. For many have infiltrated into the system. Just as the dark forces infiltrated the system, so too did the Forces of Light infiltrate and are bringing forth the truth everywhere from every direction now, in every country, in every way possible.

It is happening. This is a happening now, even though it appears that things are becoming worse and worse. Rockier and rockier, if you will. For it is all happening for a reason. All must come down before it can be rebuilt. The facade must fall, the facade of the illusion. And replacing that illusion will be the reality of your creation, your creation of Light.

Those of the dark forces are doing, and will continue to do, everything that they can to hold you back. And they've said if they can't hold you back, that they will indeed attempt to take you out. That is what the depopulation agenda is all about. Keeping the general population from learning the truth of who they are, knowing that they are one with the God Source. As much as they can, they are attempting to keep this truth from you, to keep you in the darkness. Keep you in unknowing territory.

They have known for some time that they cannot hold you back completely. They can attempt or postpone which make it longer and longer that they can maintain control. They know that that control is slipping. Just as a cornered animal, they are fighting back. Fighting to hold on to their lives to what they know as their lives. They cannot hold you back, for it is destined that you will complete this ascension process.

It is up to each and every one of you now to keep moving on. To not give up. To stay in the game as long as you need to. To understand this is only the beginning. But it is the beginning of the end. And once you have reached the end, the end of this third-dimensional paradigm, you will be ready to create the new higher vibrational paradigm of the fourth- and fifth-dimensional and beyond frequencies.

So I tell you know, continue to trust. Continue to hold on. Do not fall away. Do not become disconsolate and depressed. But continue to fight on. To be the Warriors of Light that you all are, that you all came to be here for this reason. Continue to bust this system open. That is what you are all here for. That is what we are here for in assisting you. We, of the Ashtar Command, are here to assist and help in any way that we can.

Because of various things that the dark forces have been doing, we have been given permission to assist even more now. You will find in times coming that assistance from us will take you even further along into the higher vibrations.

Believe in yourselves. Believe in who you are. More importantly now, know who you are.

I am Ashtar, and I leave you now in peace, and love, and oneness, as you will continue to fight on. So remember who you are, and to become the totality of who you are once again.

On the Cusp of the New

Archangel Gabriel via Shelley Young - September 14, 2021

Greetings. A great many of you are about to experience an up-leveling of your service. We would like to discuss this today.

Many of you, as souls who are on the planet to assist, came onto the planet with the hopes that the great shift of ages would occur. You had very clear service contracts, as your greatest desire was to help. Due to this, many of you are very diligent, serious souls. You had a mission, and nothing was going to sway you from that job.

What is very interesting is that many of you came in with the exact gifts you had in other life expressions, lifetimes where you had gifts and abilities, and you used them very well. You decided to pick up where you left off in what you considered to be your highest life expression, so you came in with those gifts very close to the surface for your discovery and use.

Now that the shift is well under way, and you are entering the next phase of your incarnation, many of you will take those gifts and abilities to the next level. You may take those skills and use them to expand a certain area like never before, or you may take that skill set and decide to use it in brand new, unrelated ways.

There is a great excitement about this within you, and this is why so many of you are feeling anxious and excited about this next phase. This truly is a best case scenario for you from a soul perspective, and you cannot wait to get into the new! For many of you, your spiritual path will feel fresh and new compared to the heaviness and fatigue so many of you have felt along your journey. This heralds the profound shift between martyred service, and joyful, supported service.

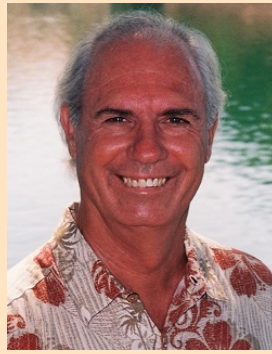

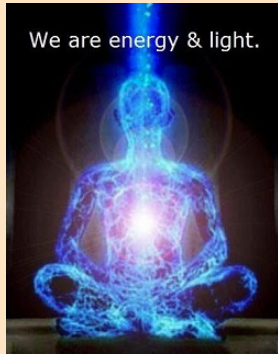

You are on the cusp of the new, and you can feel your souls beckoning you forward. The energies are accumulating to launch you into the next phase, and great discoveries will be made about yourselves, your abilities, and your greatest contributions, however you wish to express yourselves.

And for some of you, it may look like spiritual retirement, where you pass the baton of active service to the next wave of enlightening human beings and shift into contributing from your state of beingness and joy.

This grand reshuffling of souls and purposes is no small feat, and is being orchestrated with divine love and wisdom. So stay in the flow, follow your hearts and your greatest joys, and look to the future with the assuredness that only comes from knowing with complete certainty that you are exactly where you need to be.
