

Spirit Guide Matthew Ward Monthly Ascension Report

***There will be no World War III
Peace in the world begins with peace in each heart.***

Channeled by Susan Ward - February 3, 2022
www.MatthewBooks.com

With loving greetings from all souls at this station, this is Matthew. Let us begin by citing part of an email my mother recently received: "I thought I'd feel elated because Earth is in acceleration mode, but I'm even more distressed than I used to be."

The dear soul who wrote that also mentioned what is causing her to feel that way. We want to address those matters because many others are feeling somewhat the same as she. They may not know about accelerated energy or actual causes, but they are apprehensive about the same world affairs.

First we say, this is the first time in eons that Earth has been immersed in such an abundance of light, and this increased intensity is magnifying all feelings, positive and negative, and quickening the pace of all undertakings.

Many, many millions who are living and dying in dire circumstances are completing their third density karmic choices much more rapidly than they could have without acceleration. When they transition to spirit life, they will know this and feel grateful for the swiftness.

The effects of disastrous storms and fires caused by technology are the same as if those were Mother Nature's doings—they are cleansing the planet of negativity so it cannot accumulate. The sooner that technology is used benevolently instead of malevolently, the sooner there will be no need for any large-scale cleansing.

There will be no WW III. Mainstream media reporters are publicizing the fearful-sounding information they are given instead of what actually is happening. National leaders who are Illuminati or their puppets are being unseated and populations that were forcibly separated after WWII are being reunited.

Although mainstream media still are controlled, other efforts to rid your world of darkness are moving faster than formerly.

The "pandemic" is continuing because the energy of billions of thoughts and feelings

about it is “feeding” the illness and “refueling” the individuals who knowingly are lying about it. The backlash against physically, psychologically and economically destructive requirements that is growing by leaps and bounds is undergirded by the new level of energy and will hasten the end of the “pandemic.”

During the few months since the acceleration mode was initiated, action to rid your world of Illuminati has been increasingly successful. Some in the remaining high ranks of this pyramid of evil who went into hiding are being found, others have defected and are cooperating with principals in the movement to end impoverishment, corruption and warring and restore the environment. Energy intensity is prompting the slumbering populace to waken and feel inspired to participate in transforming their world.

Dear ones, when frightening thoughts are changed to optimistic, confident and peaceful, like feelings will follow—please do this for yourselves! And remember, peace in the world begins with peace in each heart.

This also is an ideal time to be introspective and ascertain if your characteristics, behavior and perceptions are serving your best interests. For instance, are you afraid that upcoming changes will negatively impact your employment, financial assets or other resources? Are you allowing others’ expectations of you to determine your decisions? Are you feeling resentful toward persons you feel treated you unfairly or guilty about having caused stress to others?

Are you assessing others’ ideas as meritless when they differ from yours? Are you giving any of your energy to trivial issues and forgetting to use the law of attraction to your advantage? Are you letting yourself be drawn into the drama of world affairs instead of being an observer? Being an observer doesn’t preclude compassion, empathy and caring assistance in ways you can offer, it includes them because they are “love in action.”

If you recognize in yourself any of those attitudes and approaches to situations and want to make a U-turn, the fast-rising vibrations of acceleration will be your strong ally in so doing.

“I hope this new speed will wake up the entire population so they can ascend with Earth!” That would be a glorious outcome indeed, but it isn’t likely to happen. Awakening isn’t a matter of speed, it’s a matter of absorbing light, and even though light is pouring into the planet in unprecedented measure, puppets of the darkness are adamantly refusing to embrace it.

“How will acceleration affect the tides? Will minor health issues become major problems too quickly for treatment to be effective?” By divine grace and extraterrestrial aid, tides are not affected by acceleration, and health issues will be affected the same as they always have been.

Bodies’ cells in chemical, electrical, hormonal, metabolic, circulatory, respiratory and immune systems and all organs and bones are strong or weak in accordance with the amount of light the person absorbs, and that’s determined by whether their thoughts, feelings, actions and intentions emit high vibrations or low.

“Matthew said ‘revelations will emerge incrementally.’ How can people advance

consciously and spiritually if they don't know the truth about everything?" That is indeed a logical question. Let us answer by asking you to imagine how you would feel if you heard all of the following in one fell swoop:

You are a divine immortal soul and alternate between hundreds or thousands of physical and spiritual lifetimes. You are not a person who has a soul; you are a soul made of pure love-light energy living in a body designed specifically for the kinds of personal experiences you chose in a contract prior to birth. Your contract is part of an agreement with other souls sharing your lifetime, but all of that is forgotten when you and the others incarnate.

The origin of everything in existence in the cosmos is the love-light essence of Creator, Source, I AM, Oneness of All, the Totality. Creator chose the gods and goddesses who would manifest their respective universes and rule over them. There are seven universes and in this one, there is no heaven or hell. The universal law of physics automatically takes individuals' etheric bodies and psyches to the area of a spirit world where energy is the same as the individual's lifetime energy. Akashic records, which are inviolable, contain every moment of each lifetime of the soul.

Everything that exists is energy fluctuating at one frequency or another, nothing is solid. Like everything else in existence, thoughts, feelings and words emit vibrations. Science and spirit are one and the same, cosmic consciousness. Earth is one organism that comprises humankind, animals, plants and the Devic kingdom, and all are inseparably interconnected souls as parts of the Supreme Being of this universe. Rocks, soil, fire, water, air, wind, and even manufactured items have varying levels of consciousness.

What happens anywhere in this universe affects everything else everywhere else. What you think of as time actually is differing energy planes. The reality is the timeless continuum where everything is a series of events happening simultaneously. The universal law of attraction brings back to you from the collective consciousness whatever is the focus of your thoughts and feelings. That is how all individuals co-create their lives and collectively co-create the world. Co-creation is using Creator's energy to put your ideas into form or action.

Countless civilizations are far, far advanced spiritually, consciously and technologically from people on Earth. Some live on motherships that have highly evolved consciousness and are miles in diameter. Earth is surrounded by small spacecraft and some extraterrestrials are living on the planet. Many times in the planet's history people from other civilizations have resided there.

Some years ago a powerful light grid built by evolved civilizations forced the dark forces out of the Milky Way. The dark forces is a massive energy force field that meanders throughout the universe and is attracted to individuals and civilizations with tendencies toward greed, cruelty and power. Those individuals and populations become the forces' puppets.

The puppets on Earth have controlled governments, global economy, banking, religions, western medicine, education, commerce, transportation, communication, corporations, entertainment industry, legal and judicial systems, agriculture, energy sources, military forces—everything that impacts life in your world. They start wars, commit atrocities, cause disease, poverty and famine, create divisiveness and

bigotry, and put falsehoods in religions' holy books.

Two kinds of ascension, planetary and personal, are underway and so is world transformation. The battle between light and darkness that is happening in linear time already has been won by the light, and in the continuum, Earth's civilization is joyously flourishing.

That jumble of information is not in order of importance or well expressed, and no doubt we have forgotten numerous areas wherein factual information must replace blatant deception and mass ignorance by intention of the darkness. But surely that would be enough to overwhelm even the strongest mind if all of it were presented in one seminar.

Beloved brothers and sisters, if you didn't realize before how extensive your knowledge is and how limited Earth civilization's is, now you do. And if you ever wondered why all light beings in this universe would honor you for steadfastness in your mission, surely now you know.

With the unequalled power of unconditional love, we support you in every step of your Earth journey.

***Turkey's Erdogan Arrested, Canada's Trudeau
on the Run as the Dominoes Keep Falling***

Benjamin Fulford Report - February 7, 2022

www.BenjaminFulford.net

The war to liberate humanity from an ancient Satanic cult is proceeding very well. In the biggest move last week, Turkish President Recep Erdogan was detained by white hat alliance members while he was visiting the Ukraine, CIA and Mossad sources report. In Canada, toxic vaccine pushing Crime Minister Justin Castro is on the run and may have already been captured, Canadian Secret Intelligence Service sources say.

Meanwhile, as the West continues to be paralyzed by its undeclared civil war, China is starting the year of the tiger with some very big moves, notably an accelerated attempt to take over Latin America.

There is also a lot more going on elsewhere but let's start with Turkey. News reports confirm Erdogan is "Isolating after testing positive for Covid." This of course is the new expression for high-level political arrests:

<https://www.usnews.com/news/world/articles/2022-02-05/turkeys-president-erdogan-tests-positive-for-covid-19>

This happened after would-be Ottoman emperor Erdogan went to Ukraine last week to meet with Ukrainian President Volodymyr Zelensky. Here is what right-wing Turkish media had to say about his intentions:

Ukraine cannot stop Russia. But Turkey can. This is how calculations and, thus, plans are made. If they succeed, a war between Turkey and Russia will become inevitable. This signifies the destruction of both countries. The U.S. and Europe will be the only victors.

<https://www.yenisafak.com/en/columns/ibrahim-karagul/will-war-break-out-in-ukraine-or-will-the-west-stoke-a-turkey-russia-conflict-what-sort-of-game-is-being-played-in-the-black-sea-3588392>

Here is the raw intelligence from the white hats about Erdogan's arrest:

"There is much more going on behind the curtain regarding that meeting. It looks like Erdogan is obtaining intel to pass on to Putin. Erdogan owes Putin a few favors as you know. Going back to the 'accidental shoot down' of a Russian Sukhoi SU-24 jet near the Russia/Syria border back in 2015. Testing Covid positive for Erdogan and his wife is a way for the alliance to have a very private and confidential discussion with Erdogan. This is an eyes-only meeting. No media of course. What Erdogan passes on to the Alliance will determine his future. As you know his health is not up to par."

The capture of Erdogan is very important because the Satan worshipping Khazarian mafia (KM) that seized power in the West came via the Turkish self-proclaimed messiah Sabbatai Zevi. If the alliance finds out Erdogan is fighting against the Khazarians, he will become an important ally. If he is one of their agents, he will die of Covid, the sources say. Either way, it will be a serious blow for the KM.

Now let us look at what is happening with the liberation of the West, starting with Canada. First, for those who have not seen these yet, take a look at the pictures below. Here is a picture of his cuckold father Pierre Trudeau with Fidel Castro. Pierre Trudeau was a traitor who handed over control of the Bank of Canada to the Khazarian mob.

<https://benjaminfulford.net/wp-content/uploads/2022/02/castro-and-trudeau-300x200.png>

His wife Margaret Sinclair is from the Satanic Sinclair family of Rosslyn Chapel fame. The picture of her displaying her Canadian beaver to the public at New York's Club 54 tells you a lot about what sort of upbringing she had.

<https://benjaminfulford.net/wp-content/uploads/2022/02/margaret-trudeau-191x300.jpg>

The son she had with Castro, Justin

<https://benjaminfulford.net/wp-content/uploads/2022/02/castro-200x300.png>

Here is a photograph taken of Trudeau in 2022

<https://benjaminfulford.net/wp-content/uploads/2022/02/justin22-300x244.png>

Below is a picture of him in 2019. Note the teeth are different.

<https://benjaminfulford.net/wp-content/uploads/2022/02/justin2019-300x296.png>

He has a string of corruption scandals behind him that is so long we will not deep dive into it here. Suffice it to say he is a pedophile who paid \$2.25 million to a very

young student of his who he had statutory rape with.

<https://buffalochronicle.com/2019/10/19/trudeaus-west-grey-accusor-was-much-younger-than-first-thought/>

Justin Castro is a communist Manchurian candidate whose job was to turn Canada into a Khazarian slave camp. That is why Castro refuses to talk with the truckers but was happy to talk to the communist front of Black Lives Matter (whose leadership is mostly white). This is the same BLM that recently transferred millions to buy a mansion formerly owned by the communist party.

https://resistthemainstream.org/blm-transferred-millions-to-canadian-charity-to-buy-mansion-formerly-owned-by-communist-party/?utm_source=telegram

Finally, we can see that the Trudeau we are seeing on screens now is very different from the one we saw last year. This means either he has been captured and the KM are using computer graphics or, the White Hats have replaced him. Events will show which is the case.

In any case, God bless the truckers, farmers, cowboys etc. who stood up to liberate Canada and inspired similar movements around the world. Here, for example, we see a German truck convoy getting ready to free the German people.

https://benjaminfulford.net/wp-content/uploads/2022/02/german-truckers.mp4?_=1

The Khazarian mafia's attempt to use Covid and their control of Western Medical Associations to install slave regimes is now collapsing everywhere.

This corporate news item shows how a hasty retreat from Covid continues. Copenhagen (AFP) – The World Health Organization on Thursday offered Europe hope of a “long period of tranquility” and even “enduring peace” in the coronavirus war, with a growing list of nations lifting almost all Covid curbs.

<https://www.france24.com/en/live-news/20220203-who-sees-pause-even-end-of-pandemic-for-europe>

Countries that are ending or reducing Covid fascism include Australia, Denmark, Norway, Sweden, Holland, France, Japan etc.

Speaking about Japan, last week representatives of the White Dragon Society met with a senior Japanese general sent by the Emperor as well as with a Russian representative. An agreement was reached to liberate Japan from its 80 year-long post-war occupation. The Japanese military and police have agreed to take over the Bank of Japan, the NHK national broadcast corporation, the Prime Ministers' office and parliament, according to the WDS representative who attended the meeting.

This will be done in coordination with US military white hats, the source noted. Following liberation, power in Japan will once again go to the meritocratic bureaucracy under the symbolic guidance of the Emperor. One of the first priorities of the new government will be to stop the 500,000 person per year drop in population by starting a new baby boom, the source says.

The new so-called US ambassador to Japan, Rahm Emmanuel, is seen as a beggar sent to try to get the Japanese to buy more Rockefeller oil and is not being taken seriously, the Japanese general said. The Japanese general confirmed the US military does not obey the fake Rockefeller/Biden regime.

For the most recently emerging evidence Biden is a phony, by the way, compare the one you see now to the bald real Biden from 30 years ago.

https://benjaminfulford.net/wp-content/uploads/2022/02/biden-30-years-ago.mp4?_=2

Japanese foreign ministry officials for their part, confirm there is no government in Washington DC and their representatives in the US operate out of New York. That means if US truckers want to stage a freedom convoy, they are better off heading to New York than Washington. As confirmation, here is a picture of the abandoned White House surrounded by a concrete wall.

<https://benjaminfulford.net/wp-content/uploads/2022/02/white-house-wall-300x139.jpeg>

We can also confirm that similar walls are being built around former government offices in other countries, including the Vatican and the German Parliament. Below you can see the wall being put up around the Dutch Parliament.

<https://benjaminfulford.net/wp-content/uploads/2022/02/fence-around-dutch-parliament-300x186.jpeg>

In Italy, meanwhile, Prime Minister Mario Draghi has pulled a Trudeau and gone into hiding after being repudiated by Parliament.

<https://tomluongo.me/2022/01/30/is-mario-draghi-no-longer-davos-superman/>

The other people hiding are all the pharmacidical corporation bosses who were behind the vaccine mass murder attempt. For example, **Pfizer CEO Albert Bourla** 's (whose real Khazarian mafia name is Israel-Abraham Burla) is either dead or on the run. <https://aim4truth.org/2022/01/26/global-genocide-by-jew-israel-abraham-burla/>

French demonstrators are attacking Pfizer headquarters and Pfizer employees are quitting in droves. Those responsible for the vaccine campaign will be hunted down no matter where on this planet they try to hide, WDS sources promise. <https://en-volve.com/2022/02/04/watch-thousands-of-french-protesters-surround-pfizer-hq-chanting-murderers/>

We also note NATO Chief Jens Stoltenberg has quit and is hoping to get paid for his work as a KM puppet by being given control of Norway's money. Here is what a CIA source had to say about him: *He is a senior puppet in the KM satanic Cabal. He is already tasting the \$1.4 trillion and how to access it for his masters. Hopefully, the Alliance will convince him to join humanity's strive for freedom. He may test positive for COVID soon and go into self-isolation. If this happens, we know what comes next.*

<https://www.reuters.com/world/europe/nato-chief-stoltenberg-named-norway-central-bank-chief-despite-opposition-2022-02-04/>

While the Khazarian rule of the West continues to implode, China is on the move big time. With their real estate-based economy having reached a bankrupt dead end, the Chinese Communist Party is planning huge changes, Asian Secret Society sources say.

Here is what CIA in East Asia has to report about this:

The CCP has plan B already in place. They are preparing to nationalize everything in China. They will take over all businesses, banks and real estate. This will destroy all foreign investments. The foreign banks and bondholders will be the losers to the tune of \$ trillions. Notice how the major port in Tianjin was closed down, using a COVID outbreak as the reason. Some shipping lines have suspended operations as at least three other Chinese ports, including Shanghai and Shenzhen, remain partially closed. The real reason: they want to keep their goods in country. The CCP is also seriously considering revaluing the price of gold by at least 2 times in order to save the Yuan from total collapse. This is a perfect way to balance their \$116 trillion

deficit. China has more than enough physical gold reserves. Plus they can fill up the 70 million empty apartments that could house 27 cities the size of New York.

China is also using the West's distraction to move in on the rest of the world. Putin has been briefed on this proposed plan of action. Here is what Chinese President Xi Jinping had to say about his meeting last week with Russian Presidential Avatar (see pictures below) Vladimir Putin:

<https://benjaminfulford.net/wp-content/uploads/2022/02/outin-248x300.jpeg> 248w

<https://benjaminfulford.net/wp-content/uploads/2022/02/putin2-473x1024.png> 473w

The two sides have actively taken part in the reform and development of the global governance system, practiced true multilateralism, upheld true democratic spirit, and played a pivotal role in uniting the international society to tide over the current difficulties and safeguard international equity and justice.

This was followed by a series of big Russian and Chinese moves, most notably in what used to be the US backyard of Latin America. The Russians are promising increased military/economic cooperation with countries like Nicaragua, Cuba, and Venezuela.

<https://reinvestmentnews.com/russia-comments-on-possibility-of-sending-troops-to-latin-america/>

Argentina is also becoming a new Russian front with Argentine President Alberto Fernandez in Russia saying: “ **I am consistently working to rid Argentina of... dependence on the IMF and the US ... Cooperation with Russia is vital for us.**” This includes expanded integration between **the Eurasian Economic Union and the Southern Common Market (MERCOSUR).**

<http://en.kremlin.ru/events/president/news/67706>

Argentina also signed up to [China's Belt and Road infrastructure initiative](#) . Similar moves are being made in the Middle East. Xi met Egyptian President Abdel el-Sisi and said the comprehensive Egyptian Chinese strategic partnership is a model of “China-Arab, China-Africa, and China-developing world solidarity”

<https://www.aljazeera.com/news/2022/2/5/xi-says-china-egypt-hold-similar-visions-and-strategies>

The big question now is what the US Secret Space Force is planning as a counter-move. All we know for sure is that signs of an operation blue beam space opera are proliferating. Our source at the Thule Airforce base insists (without going into detail) something totally mind-blowing is happening in Antarctica. The following pictures were sent as proof.

https://benjaminfulford.net/wp-content/uploads/2022/02/IMG_1017-300x249.jpeg

https://benjaminfulford.net/wp-content/uploads/2022/02/IMG_0941-194x300.jpeg

There are also growing sightings of UFOs around the world.

https://benjaminfulford.net/wp-content/uploads/2022/02/bluebeam.mp4?_3

https://benjaminfulford.net/wp-content/uploads/2022/02/bluebean2.mp4?_4

https://benjaminfulford.net/wp-content/uploads/2022/02/ufo-on-highway.mp4?_5

As usual with this type of stuff though, our stance is we will believe it when we see it. In the meantime, instead of waiting for little green men to liberate us, we humans need to continue to free the planet earth by ourselves.

Week 42 Message: Angelic Warrior Group Civil Disobedience Will Come

Archangel Michael through Sharon Stewart - February 6, 2022
www.SharonAndIvo.Weebly.com

I am Archangel Michael with this week's message for the Angelic Warrior Group.

We are seeing now the introduction of the general population to more and more of the treachery that has befallen the "P" (Protesters?) and the starseed groups. They now are being censored, cut off of funding and lodging is being denied them as they fight ever more for their own freedom and that of others.

The world will do a turn about. One day it will happen. And you will all witness it.

So far, civil disobedience has not been rampant, but it will come. Many will begin to retaliate for reasons only personal to themselves. The human populace on earth must work up from the lowest levels of consciousness in order to rise again.

Please continue to help the trucker populations upon earth, in all countries where they are applying their programs, to prevail in peace. Canada has been a good example for all to see however those they oppose will seek any opportunity to create strife because as you have seen over the years, they thrive upon this.

We must go forward in peace. When we war, we oppose on their terms, not our own.

I am Archangel Michael. I am God, I am your trusted servant and teacher, we are Legion. Adonai - Michael.

Light Waves - Heavenletters - Feb. 7, 2022

God said: All waves are light. Waves are pictures of light moving. Your brain waves are light moving. Waves move. The crests of them rise and seemingly pause a split second until they continue themselves. Undulating waves of light. Your thoughts are light.

Electricity is light. Sound is light. Sight is light. Touch is a signal of light. Density is light. Light makes light. Rub together two sticks of light seen as wood, and you have light. Fire is light. And you are light.

You are an extension of My light. That means you are a wand of My light. You wave My light around on earth. Wave My light high. Expand the arc of My light that you wave.

If all is light, then you are light. That thought lifts your heart for a moment, yet you often still consider your life and yourself weights on earth. But light weighs nothing. And you cannot be weighed down except in your thoughts.

No matter how heavy your thoughts, they weigh nothing.

Waves like to be loose. They do not like tightness. They require freedom to move in the flow of themselves. Let your waves be full. Let them rise high and go far. Let them be long.

The strings of your light are double, for they overlap. Where there is crest there is also valley, and where there is valley, there is also crest. We can say your waves of My light are tripled. We can say they are multitudinous. The light waves of you twang across the universe, and your reverberations meet themselves. It is hardly possible to tell the difference between incoming and outgoing waves of you.

The point factor of waves is illusion, for you are nothing but light, and light cannot really be singled out. It cannot be taken from itself and isolated.

Light is light. It may have variations, but light is still light and nothing else but light.

Your light waves can be called vibrations of light, so we come to the fact that light and sound are the same, and everything else that your senses tell you is also light. We can say that all the senses are but one sense. The five senses that carry you along in earth life are but aspects of one sense of light presented to you. There is

nothing but light in the universe I created; yet in life, you focus on various aspects.

From light you came, and light you are. You are light from Heaven that now walks on the light called earth.

Light alighted.

Light curves its waves, and makes patterns of music and color and taste and aroma and a sounding called touch. There is so-called movement you call time. Light radiates so fast you see only the aftermath of it. Like the stars you see in the sky that are an image of where their light was, what you see on earth was created long ago and has already moved on in its waviness, for there is timelessness, not margins of time.

You are not in pieces but in wholeness. You are not in time, but in timelessness. Anything less than eternity and Oneness is illusion based on particles of moving light. But light in life moves, and light embraces you, and you are instantaneousness because eternity is that. It is non-moving light that apparently keeps moving, revolving in life. The traces you see are but fragments of what already encircles your heart. You are light-borne.

Light is not dependent upon the beep of your heart which is only a signal of light. Your heartbeat is not the light itself, for light only seems to pause, and therefore only seems to move, but eternity does not pause, and yet it contains everything because everything comes from it. Everything is nothing but light passing through itself.

By the same token as there is no time, there is no space. Nothing takes up nothing. All stands still. Nothing moves. And that is how the plane of life you live on is illusion. Oneness exists, and all else is play of the Oneness. There is no time. There is no space. The world you live in is an alternate reality, but it is not the Real. Pull your earth reality closer to the Light.

On The Verge of Great Change

Ashtar channeled by James McConnell - February 10, 2022

I am Ashtar. I come at this time in joy that I can be with you, and share with you, and be one with you.

As these times that you are upon right now continue to raise, continue to bring new understanding, new truths are coming forward in many different ways and many different respects as you see the various things that are happening, even within your third-dimensional illusionary state.

They are happening. Much of what you have heard in the past from us and all of your various guides that have been speaking to you and bringing you this information forward, that this would be a time of great change.

And indeed, this is a time of great change, and you are now seeing more and more of this as this is the Great Awakening. It is upon us right now. Change in the consciousness of the people throughout the world.

Here in your United States of America, or rather for America, Canada, and Australia, in various parts of Europe, even in places such as China and others, consciousness is happening. Consciousness is awakening. And it is all happening because of you, the collective you, that are raising the vibrations across the planet.

And yes, you are receiving a great deal of help from the cosmic force. The light that is coming forward from the higher vibrational frequencies that are coming to the Earth, raising consciousness here on this planet, bringing love, bringing light back here to this planet.

For this planet is destined to be a planet of light, no longer a planet of darkness. No longer a school for progression. For you will have already progressed.

And those of us on our ships that are watching over this entire process, many that are watching, many that are also doing, many that are actively participating in your progression, in the Change-over that is happening here on this planet.

And those even from within the Earth that are ready to step forward at a moment's notice to rise, to emerge from their safe haven within the Earth to mingle once again with all of you, all of their brothers and sisters.

As we, from the stars, are also ready to merge again with our brothers and sisters here on the surface of this planet. For we are all coming together as one again. Souls reuniting from all different parts across the galaxy, and even beyond the galaxy.

The moment has nearly arrived for this great transition to occur, that is even now finding the great momentum within the people who are spreading the words, spreading the light, spreading the love of freedom, freedom of choice. And the great convoy that is occurring now.

The great convoy that will increase tremendously to not only encompass that area in Canada, but here in the United States, and in other countries as well, as each one follows suit. That is what is destined in this moment right now.

Can it change? Yes, it can. For those forces of darkness are still very much alive and working to thwart all the efforts of the light. But know that the forces of light are far ahead of those forces of darkness. And know every move that is and will be taken and are ready to stand against their movements, and to stand for freedom. Freedom

of the people of not only a few nations, but of the entire planet, of all of the people of this planet.

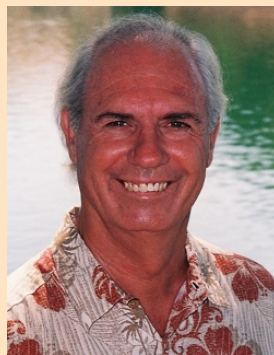

This is that Great Moment that you have all been looking toward which will lead to the culmination that is fast approaching now. It is because of all of you. And all of us that are working together as ONE to once and for all bring freedom, bring light to this planet so darkness can no longer hold a place here. Where only love and light and oneness, with its Source of all creation is and will be within each and every one of you.

I am Ashtar. And I leave you now in peace and love.

And to know and understand that you are right now on the threshold of a great many changes throughout your planet. Changes that have been foretold for eons of time and are right now ready to become as foretold.
