

# This is the Finale: Let my People Go! Steve Beckow, Canadian Writer - February 12, 2022 www.GoldenAgeofGaia.com

The truckers, the doctors, the lawyers are leading the people out of bondage.

And it's our job, as the people who are being freed, to assist them in every way we can.

Any way you can think of. Feed the homeless. Push for housing for the homeless.

Find a way to get money to the truckers that won't be confiscated.

Knit socks. Donate pillows. Send jerry cans. Does Fedex deliver?

Pack up your bags. Be ready to leave Egypt – not physically, but for sure mentally and emotionally.

What transforms this from a public protest into a freedom movement?

Our embracing it. Our doing whatever we can to assist and expand it – making bumper stickers, making masks with trucks on them, getting food to the truckers, whatever is close at hand.

What is happening now is much, much bigger than the Exodus. This is the Ascension. That was the beginning of the movie of freedom. This is the Finale.

## **Open Letter to the Canadian Truckers**

By Dr. Robert W. Malone, M.D., M.S. - February 11, 2022 Published by Children's Health Defense - The Defender News Originally published on Substack My name is Robert Malone, and I am a United States-based physician and scientist.

We all stand on the shoulders of giants. The simple truths are what matter most. Honest words, spoken from the heart, can change the world.

We should not have politicized the public health response to SARS-CoV-2 and COVID-19.

And Justin Trudeau should have focused on managing the actual ground truth of COVID-19 instead of following the script provided to him by the leadership of the World Economic Forum.

I am a physician and a scientist now, and I am highly trained and experienced in developing vaccines and other medicines.

But I have also been a carpenter and a farmhand, and I still work my farm. I drive a GMC dually diesel flatbed, a Kubota farm tractor, and can run a skid-steer loader or drive a team of Percheron horses. I have shown my Percheron foals at the Royal Winter Fair.

By the original meaning, I am a teamster.

I come to you with an open heart, committed to healing, bringing three simple words.

Integrity. Dignity. Community.

These are three simple words that ring like bells in the hearts of honest people. Benito Mussolini once said, "Fascism should more properly be called corporatism, since it is the merger of state and corporate power."

In the actions of the governments of Ottawa and Canada, we are now able to clearly see the previously hidden face of global Fascist totalitarianism, by which I mean the fusion of the power of large corporations with the power of the state, as fascism has been defined by Mussolini.

We are now seeing shocking signals of desperation from our globalist, corporatist opponents. The incompetence of the Party of Davos is becoming plain for all to see.

1. For the first time, we can clearly see they are willing and able to collude with Silicon Valley to weaponize the banking system against us.

Taking USD\$10 million from a political fundraising campaign is something that most of us could not have imagined two years ago.

Clearly, this has backfired, because it's exposed to everyone there is unnatural coordination between government, the information technology sector and the banks.

And now we have direct video evidence of this collusion from the infamous Zoom call recording documenting the involvement of the government and mayor of Ottawa.

2. The censorship is ramping up, and our opponents are no longer really trying to justify it.

The attacks on Joe Rogan are truly a desperate act.

To attack the most beloved media icon in North America has so much downside and again, shows they are coordinating.

DID YOU KNOW THAT SPOTIFY AND MODERNA SHARE THE SAME #1 INVESTOR? BAILLIE GIFFORD ASSET MANAGEMENT OWNS 11.5% OF BOTH COMPANIES.

And now we know that Neil Young has a financial conflict of interest because of the large investment bank that owns about half of the financial rights for his song catalog.

This strategy is backfiring. Joe Rogan is still strong, and the central pharmaceutical and banking system hated more than ever. It will take more than Neil Young to shut down Joe Rogan.

3. So desperate are these conspirators, they've now literally asked the U.S. Department of Defense to commit a felony: changing data in the Defense Medical Epidemiological Database.

Stupidly, it had already been released and is now being studied by the medical community. THEY WERE CAUGHT WITH THEIR PANTS DOWN, CHANGING DATA AFTER THE FACT. My guess is that this deserves criminal investigation.

This will also backfire because now people are personally exposed and my guess will run for the hills or become whistleblowers. I hear that lawyer Thomas Renz is being inundated with new whistleblower actions and information releases.

4. It's time to end the FAKE emergency powers used to suspend your constitutional and natural rights.

There is no emergency. Treatment strategies for curing COVID-19 using repurposed drugs were discovered by March 2020. Omicron is not a killer. The censorship must stop.

Reading from the deeply academic book of Dr. Mattias Desmet, "The Psychology of Totalitarianism":

"Alternative voices are stigmatized by a veritable Ministry of Truth, which is crowded with 'fact-checkers.' Freedom of speech is curtailed by various forms of censorship and self-censorship; people's right to self-determination is infringed upon by coercive vaccination strategies, which impose heretofore unthinkable social exclusion and segregation upon society."

Turning now to integrity, human dignity, and the importance of community

Integrity is a commitment to truth, in what you say, how you live, and how you treat others. Saint Augustine, the doctor of the Roman Catholic Church, famously said "The truth is like a Lion. You don't have to defend it. Let it loose. It will defend itself."

Dignity flows from respect, for ourselves, for each other and for the world we live in. Community is what binds us together, to each other, and gives our lives purpose and meaning.

Regarding the genetic COVID vaccines, the science is settled

The COVID vaccines are not working to prevent infection, replication and spread to others, and they are not completely safe. In our daily lives, with our friends, with our families, with our co-workers we all know that this is true.

They are not completely safe, and the full nature of the risks remain unknown. In contrast, the natural immunity that healthy immune systems develop after infection and recovery from COVID-19 is long-lasting, broad, and highly protective from disease and death caused by this virus.

Now we have Omicron. These vaccines were designed for the original Wuhan strain, a different virus. These vaccines do not prevent Omicron infection, viral replication or spread to others, and there are data suggesting that they make the risk of infection and disease higher.

These genetic vaccines are leaky, have poor durability, and even if every man, woman, and child in the United States and Canada were vaccinated, these products cannot achieve herd immunity and stop COVID.

If there is risk, there must be choice

This is the fundamental bedrock truth of modern bioethics. All medical procedures, vaccines and drugs have risks. All of us have the right to understand those risks, and to decide for ourselves whether we willingly accept those risks.

To deny this is to deny human dignity. Evil has many roots. A willingness to deny human dignity is one of the largest. In our hearts, and in our souls, we all know this is true.

## Regarding our children

Although I am a physician who is deeply committed to the Hippocratic Oath, I am above all a husband, father and grandfather. I ask that you allow me a moment to speak to you about our children, and about our fundamental responsibility to protect them.

If nothing else, we must nurture and protect our children. This is job one. It is your job. It is not their job to protect us. And during the last two years, our society and our public health response has failed to protect them. Many things that our public health system demanded we do to our children directly harmed them.

Self-harm, suicide and drug abuse in children have taken off all around the world. Anxiety, bullying, intimidation, coercion have become the norm.

Measured IQ in the very young has dropped. Fundamental childhood delays are easily measured.

And physical damage to children from injecting them with genetic vaccines in order to protect the elderly from a virus is occurring.

As a parent, it is ultimately your responsibility to protect your children. If they are harmed by these genetic vaccines, you are the one that will have to take care of them. And you will carry that burden for the rest of your life and theirs.

On average, between one in 2,000 and one in 3,000 children that receive these vaccines will be hospitalized in the short term with vaccine-caused damage.

Only with the passage of time will we know what long-term damage may occur. The vaccines do not protect our children from becoming infected with Omicron and do not prevent infected children from infecting others.

In contrast, the pharmaceutical companies and the government are almost fully protected from any damages these products might cause to them.

If your child is damaged by these vaccines, you will be left alone with both your grief and the burden of care .

These genetic vaccines can damage your children. They may damage their brain, their heart, their immune system and their ability to have children in the future.

And many of these types of damages cannot be repaired.

So I beg you, please, get informed about the possible risks that your children may be damaged by these experimental medical products.

Don't let anyone tell you what to do. Think for yourself.

Because it is your responsibility to protect and nurture them. If they are damaged, no regional authority, no government public health official, no television doctor will be there to help you. You, your family and your child will have to carry the load yourselves.

When I was still a child, a brilliant young American President said, "Ask not what your country can do for you; ask what you can do for your country."

Canada is your country. You own this amazing gift, but you must defend it if you wish to keep it, or the Globalists will take it from you. They promise that in the future you will own nothing and you will be happy. Do you believe them?

Today, I ask all of you to keep the words of President John F. Kennedy in your minds and hearts. We can all be leaders, and you have stepped up to the task. Thank you for your service to Canada and to the world.

We will survive this, and we will overcome these hardships if we can just keep these three simple words in our hearts.

Integrity. Dignity. Community.

## Freedom Convoy 2022

Campaign Created by: Freedom 2022 Human Rights and Freedoms

**Updates from the Canada Freedom Convoy Team** 

**Update #3: February 12, 2022** 

Dear Freedom Convoy Donors. Thank you for your generous donations. Despite news reports, please know that the Ontario Government does not have possession of your donations. The Order announced by the government is only a temporary block of your donations to be passed on to the truckers by Freedom 2022 to the truckers here in Ottawa.

Our legal team is challenging the government's order and we are working at ways around this. Once again the repeated actions by governments to prevent your donations from getting to the Ottawa truckers shows the importance of this fight for freedom.

The best way is to continue donating to help the truckers here on the ground and not request a refund. We thank GiveSendFor for their commitment to ensure that the donations flow directly to the Freedom Convoy truckers here in Ottawa.

Thanks for your kind donations! Stay strong! Stay Free!

#### **Update #2: February 11, 2022**

Many of you might recall that in November 2022 the Canadian Federal Government announced that cross boarder travel would require a vaccine passport, even for truckers who are considered essential workers. This was considered controversial because the trucking industry was already experiencing a shortage of truckers driving up the cost of transport for essential goods like food that Canadians relied on to be imported from the US during the winter.

Many of you also might recall that on January 11 the federal government announced that they would be dropping the mandate for truckers to be vaccinated to cross back into the Canadian border which seem to indicate that the federal government was heating the warnings of industry experts. And many of you also might recall that the next day the federal government flip-flopped and reversed its decision to drop the mandate for truckers to be vaccinated to re-enter Canada without being quarantined for multiple days on end.

After this flip flop, individual truckers began announcing their intentions to Convoy to Ottawa to protest. Multiple fund raisers popped up, and Tamara Lich emerged as the symbol of hope and freedom as she joined the convoy riding with Chris Barber leading the convoy to Ottawa. Along the way she covered the convoy on video live steams and social media. All her social media has now been cancelled... which again only proves that the truckers and protesters are right.

## **Update #1: February 11, 2022**

Thank you all for your generosity supporting the truckers, protesting passports and coerced medical procedures lead by our courageous truckers. The protest fundraiser has achieved success beyond our wildest dreams and in ways we never could have predicted.

Tamara's humble vision to support her trucking friends in their protest efforts, hoping to raise \$20,000 for their journey, has become a symbol of hope for individual freedom and sovereignty. It has inadvertently exposed foreign globalist interference as they clamour to cease the donations of mothers, fathers, grandmothers and grandfathers.

This humble grass roots movement appears to have led these powers into knee jerk reactions that repeatedly validate the protesters' concerns. They are protesting government overreach. What does the government do in response to that protest?

Overreach even more. Our victories come easier and easier as they continuously prove the protesters right.

To provide clarity and transparency regarding the breath-taking growth of this fund raiser, please note that the original written explanation on GoFundMe to raise funds is no longer available. The original explanation was more general allowing for support of the truckers in whatever ways were needed to support their protest. The existing fundraising post is the result of communications between GoFundMe and Tamara and her original team which lead to continuous editing of the campaign posting into more specific uses of funds which GoFundMe began to interpret as a paralyzing restriction on the use of funds.

Restricting the support of the protesters was never the intent of the fundraiser nor is it the intent of the donors. Whatever ethical and peaceful aid the Charter Right protesters require is what the donors want to provide, and the administrators of the fund will not unnecessarily restrict the use of the funds to support them.

Here are some examples of what we believe the donors endorse as a proper use of their funds to support the protesters:

- Fuel for travel and warmth
- Necessities of life like water, food, shelter, and more
- Legal aid
- Financial aid
- Permanent infrastructure for continuing advocacy in whatever form that takes
- Office staff and personnel to permanently support them
- Other as required

Thank you all so much for donating to support the truckers. And thank you to Give Send Go for untying our hands to help pass on the support of the donors to the truckers who took the lead in gaining back our Charter Rights and Freedoms. God bless!

## You Are the Driven Power of Mother Earth Ashtar channeled by Erena Valezquez - February 13, 2022

Dear Brothers and Sisters, I am Ashtar, the Commander of the Galactic Federation of Light, and it's time for me to communicate today and give some updates on, what is happening on your planet Earth.

The fractions of the Reptilians on planet Mars had created a conflict between each other. I gave a warning, if they start military activities, we are going to capture them or completely remove them from Mars.

A long time ago, the Negative Entities destroyed life on the surface of Mars by

using nuclear power. Since then, the technologies in our reality got more advanced, the war on that planet could cause a big disarray in the Milky Galaxy.

Anyone who enters the orbit of Mother Earth is going to be shutdown by my fleet. We are closely monitoring and observing the developing situation on your planet. The remaining entities are completely isolated from getting any help from outside.

All of us including me are very happy to see that humanity is fighting for their freedom and saying no to tyranny and control. The convoy of Freedom is spreading globally as we speak, and nobody can stop the Light. You are the Spark that can't be stopped.

The ones, who use the Sword, are going to die from their own Sword. I am speaking about the rulers of your world, Khazarian mafia. They ruled your planet too long, and their days are over. You are the dignitaries, who are going to restore balance and peace in your world. The Darkness is so desperate right now, that it's attacking peaceful demonstrations.

The war between the Light and Darkness is coming to the end. Dear Brothers and Sisters, what you are seeing, it's not the whole picture. The fight is going on not just on the surface, it's also happening underground, where special forces are rescuing kids and women, and fighting with Reptilians, Archons, Human-Demons and etc.

Regarding Ukraine, media is lying, about what is really going on there. There are underground tunnels, where still human trafficking, drugs smuggling, etc., are happening, and innocent children and women need to be rescued.

Your collective consciousness is continuously expanding, more and more humans seeing the truth about their governments and media, who supposed to serve humankind and work for the people, and not for themselves.

Please remember, you are the People and you have the Power. You have the right to live in peace and prosperity. It is your birthright as a human. Your reality of 3D is in full transition to 5D, your planet keeps receiving daily high frequencies in order to speed up your process. Thank you Universal Channel

You are the Driven Power of Mother Earth. Ashtar.

## The Freedom Movement by Reverend Dennis

WOW! The information about the Canada's Freedom Convoy 2022 and trucker convoy's around the world has exploded like an instant blast of thunder and lightening, and it's flowing to every child, woman and man like a wild raging river. It's difficult to keep up with all this information coming in from all sides. I've tried to capture several aspects of the convoy in this newsletter, but it's impossible to stay up-to-date on everything. Because the landscape is ever changing day-to-day.

A tremendous amount of this information is coming from Citizen Journalists, Independent News sources that are not affiliated with the mainstream media, and supporters at the scene of the protests. Thank God for cellphone cameras!

The social media platforms of YouTube, Facebook, Instagram, Twitter, Telegram, Rumble, Bitchute, and more are blazing with news, comments, opinions, photos and videos of the protests. Thank God for censorship-free social media!

This has morphed into more than just a convoy of heroic protesters against the draconian lockdowns and COVID-19 mandates. Thanks to the brave and courageous millions of peaceful Canadian citizens leading the way, it has morphed into a Worldwide Freedom Movement.

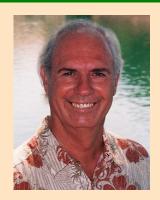

The world is waking up to the tyranny and authoritarianism of governments, and totalitarianism of the dark forces that want to continue to manipulate and control our human population as they have done for millennia. And, the message is loud and clear:

Enough is Enough! End the Lockdowns and Strict Vaccine Mandates. The human race is taking back its power. Freewill choice is a divine birthright. We will not enslave our hearts and minds to live in your dystopian world. Go play your nefarious games somewhere else but not on this planet. Or in this solar system. Or in this galaxy. The human race demands its FREEDOM.
