

The Manifestation of a New Reality

The Oneness channeled by Judith K. Moore

Published in Sedona Journal of Emergence - March 2022

I am the master. I am the lord of light. I Am the Oneness. Blessings of the light. The quality and vibration of the light infusing your world has a different frequency. It is not measurable. It cannot be analyzed. The best way to understand it is that the light flowing into the world, the human heart, the human soul, and reality is similar to an anointment of life.

It presents the opportunity for each individual to tune in to the harmonic vibrations and frequencies and receive the blessed light from Source Oneness. The universe and the consciousness of the cosmos are sending vibrations to consciousness to alter the nature of existence in the physical realm.

Masters from other worlds have become sensitive to the illumination flowing from Source Creation into the holographic Earth. They have felt the calling and have prepared through timeless ages to assist in the amplification of the holy harmony and the light vibration that alters the pattern within the holographic field of reality and perceptual reality. You have heard of the light that lights the world and the radiance of the star that appeared above Bethlehem. Perhaps that would be a way of understanding the miraculous phenomenon that your world is experiencing.

Many souls have incarnated on Earth right now, eager to participate in ascension and ready for the light. Their soul vibrations are attuned to light from Source Creation. As their vibrations rise with the frequency from the essence of the universe, the cosmos, and Source Oneness, it alters the patterns of energy within the quantum vibration of consciousness.

When Master Jesus said he was the light and the way, he spoke in a prophetic sense of this pure light from Source Creation that illuminates the way for the human understanding of the Christ principle and the spirit of the Buddhist-Christ way of life.

You have all lived through the battle of darkness, and here you are now at a beginning, at a place in creation that is entirely unique, because the properties of energies that form reality are attuned with the harmonics of Source Creation. You are blessed to be in the body at this time of great potential and possibilities.

Those you love who have crossed through the veil, and many souls have crossed through the veil, are holding that space of heart resonance through your loving connection to ethereal reality. Their consciousnesses are participating because they were ready before they crossed. They made a dedication to the manifestation of the new reality.

They are guided by the ascended masters. Streams of light flow from the ascended masters through the hearts of loved ones beyond the veil with a velocity and vibration that is incomprehensible, as their energy bodies are in the light, and they are in a place of nonresistance.

The Alteration of Material Reality

You must be strong for the times that are coming. Deepen your faith, strengthen your heart, and trust. As the old holographic field breaks down, it will appear that the end of all that you have known is at hand. Many humans have had to flee their homes, taking only a handful of possessions and their faith. And this is the kind of faith that you must have.

Reality as you know it will no longer exist. The breakdown of these energy structures will be extreme and volatile. You have only your heart to guide you. Your heart is strong enough to make this journey with all the love and support of the universe and the cosmos, the ascended masters and the angels, and your loved ones beyond the veil.

The bioenergetics of Earth are accelerating. Every particle of matter is quickening. The vibration of the material reality is being altered. The breakdown of old systems and energy structures is manifesting through the extremes in weather patterns and in human behavior.

Yet, beloved ones, this is a beginning. It certainly mirrors the prophecies of the end times. But when you stand in a place of oneness, focus on love, and open your heart to the guidance from Source Oneness, you will know the way through. You will know inner peace. The peace that will fill your heart when you are attuned to the new light of Source Creation goes beyond anything you have ever imagined or were capable of experiencing.

Let the darkness be restored with the light, healing that which is out of balance with the law of the universe, the law of love. The essence of this communication is vibration. Certainly, the words have meaning and purpose, but it is the vibration that flows through this transmission that is the essential element for the metamorphosis of reality.

You Are the Light

The power of miracles has been demonstrated. You have seen them. You have felt them. Now is the time for you to become the manifestation of the miraculous power from Source Oneness. Enter the flow of light from Source Creation that illuminates you, blesses you, and prepares you for ascension.

Now is the opportunity for true ascension work. Those who have come before you struggled through the darkness to find the light. And here you are in the light. You are the light. The key lies within the Melchizedek formula for the archetypal structure of reality and the architecture of existence in the living geometries of light that flow from Source Oneness.

You have but to know that you are a source of wisdom. You are a source of truth, and you dispel the illusion of the past. There is no power in existence that is as great as the illumination of Creation through the living body of the eternal Mother and the ascension of Mother Earth and all humanity.

I am the master. I am the lord of light. I am the oneness. Kadoish, Kadoish, Kadoish, Adonai Tsebayoth, Yod He Vod He Yahweh. As above, so below. As the spirit, so the soul. As without, so within. Blessed be. So be it, and so it is.

Judith K. Moore is an oracle for the Records of Creation. She is able to receive communications for the highest good from the other side of the veil while her consciousness transcends time and space. She has completely surrendered her life to the service of God as an instrument for the awakening of the New Heaven–New Earth.

The US Corporation, Inc. May Implode This Week

Benjamin Fulford Report - February 14, 2022

www.BenjaminFulford.net

If all goes well, the satanic parasitical entity known as the UNITED STATES OF AMERICA CORPORATION will go bankrupt and implode this week. If that happens, then a domino effect will result in the removal of the blackmailed, bribed and brainwashed fools posing as leaders in other G7 countries.

The US Corporation missed an external payments deadline on January 31st. They were given until this week to come up with the money or be cut off from the borrowed money they need to stay in business.

We are asking the mostly Asian creditors to please not extend them any more funds and let this main source of the worlds' evil die. The White Hats are promising to move in after the implosion to restore democracy, freedom of the press and competent economic/social/environmental stewardship.

Of course the Khazarian mafia and their political slaves are hysterically trying to prevent this by starting World War III in Ukraine. It's like a schoolboy trying to blow up his school in order to avoid an exam he knows he is going to fail.

Ok, let us start by looking at the signs the US Corporate government is imploding. The biggest signals are coming from the financial markets where insiders are rushing for the exits.

The chart below shows by far the biggest stock market sell-off in at least a decade.

<https://benjaminfulford.net/wp-content/uploads/2022/02/record-shorting-300x174.png>

The same thing is happening in the US Treasury market where prices have imploded by the most since 1973 and probably ever.

<https://benjaminfulford.net/wp-content/uploads/2022/02/treasury-dump.jpg>

Any long-time market watcher knows that usually when stocks rise bonds fall and vice versa, when both collapse, it is a black swan event.

The whining by the fake Biden administration that “China didn’t buy the \$200 billion a year from us they promised,” is a feeble excuse. The Chinese answer there was nothing to buy because US economy has been hollowed out and has nothing to sell except weapons (which they refuse to sell to China) and corn (the feedstock of their sheeple).

Even if the US Corporation once again pulls a dirty trick to kick the bankruptcy can down the road, the people are in open rebellion against their corrupt and incompetent rulers.

We note, for example, a growing rebellion by the rank and file Canadian military against their compromised top commanders.

<https://en-volve.com/2022/02/08/trudeaus-personal-security-resigns-i-refuse-to-obey-his-tyrannical-orders-against-the-people/>

<https://www.redvoicemedia.com/video/2022/02/canadian-police-officer-has-an-urgent-message-for-fellow-officers-its-time/>

We were sent this quote about the situation regarding Trudeau by a Mossad source and even though we do not know who said this, it is worth passing on:

It is not Trudeau’s choice to step down or to attempt to stay. It is the decision of the World Economic Forum (WEF). This is a critical decision that will affect the entire world. This is not a battle for just Canada, it is a battle for the World. This is the first domino of corruption and if it falls, the entire plan of the WEF fails because all the corrupt dominos will fall if they are forced out of power. Leaving them in power is simply a short respite for the People.

<https://benjaminfulford.net/wp-content/uploads/2022/02/schwab-awards-puppet-trudeau-300x254.jpeg>

Frankly, the WEF cannot afford for Trudeau to step down. If he falls, Biden falls, Australia falls, New Zealand falls and all of Europe falls. Then the rest of the world joins in.

The sane world is crazy not to make Ottawa the hill they will die on and not give in. It is an opportunity unexpected. Probably an opportunity that will not come again. The Truckers are truly the People’s Army. Where else could you quickly assemble such a strong, younger Army to possibly confront the Globalist Tyranny Army? It is an Army everyone else can join and get behind. Half the Globalist Tyranny Army will desert them and join the Truckers if they appear to succeed in Ottawa.

Truckers can win this, but it will take support from everyone. There is a window of opportunity that will not stay open forever. Time is not on our side.

The WEF is not going to go without a fight or without having great fear that they will be smashed by this worldwide movement. Even then the WEF members will be sorely afraid of ending up like Mussolini hanging in the Milan Square and will fight to avoid that.

I think people greatly underestimate the overall importance of Ottawa and underestimate the difficulty of overcoming Trudeau. He and the WEF simply cannot afford to lose. I fear also that the People of the world cannot afford to lose in Ottawa. It will likely be the People's last battle if they lose Ottawa.

I do not agree that this is only about a non-violent confrontation. I don't think the WEF will fold because of a lengthy non-violent protest of a few thousand truckers. They have been working on this tyranny plan for a 100 years. I think they will fold only if they are clearly weaker in strength than the People's Army. Whether it is non-violent or violent confrontation, for either way to succeed requires great power standing behind the Truckers with obvious reserve waiting behind them. This means the WEF must act now before the People's Army grows too large with strong reserves. I expect action by the WEF soon to squash this uprising. This is not about Trudeau, this is the WEF plan in place around the world. Everyone must be ready to heavily support the Truckers and step into the battle if they are attacked.

What these Canadian patriots need to do is demand the top brass and Canadian government provide proof that Covid -the excuse they are using to force toxic vaccinations- even exists. We have previously asked Health Canada, the WHO and the CDC among many other places to provide even a single specimen of Covid (Certificate Of Vaccination ID) virus and they have not been able to. Instead, we have the Vaccinator in chief Pfizer CEO Albert Israel Abraham Borla saying they are basing their vaccines on a fake virus: "We didn't study the 'real' virus, but a virus that we built in the lab."

<https://benjaminfulford.net/wp-content/uploads/2022/02/pfizer-admits-psuedo-virus.mp4>

The real reason for the vaccine is the mark of the beast social control, not pandemic fighting. As evidence, the P3 Freemasons sent us this picture of a prototype ATM machine that will not let you access money unless you have proven you have been vaccinated.

<https://benjaminfulford.net/wp-content/uploads/2022/02/mark-of-beast-atm-169x300.jpg>

So, the military throughout the West needs to remember, forcing medical treatments on the people based on lies is a War Crime under the Nuremberg laws. It is punishable by death.

Already the Pharmacidical company CEOs are on the run. This news item for example notes:

Days after Pfizer admitted a safety audit could wipe billions off their stock market valuation, Moderna CEO Stéphane Bancel was dumped hundreds of millions of dollars in stock and deleted his Twitter account.

<https://www.planet-today.com/2022/02/moderna-ceo-just-dumped-400-million-in.html?m=1>

CIA sources say he has been arrested. The other CEOs have also been arrested or are on the run, the sources say.

There have also been a lot of top world leaders arrested in the past week. For example, Prince Charles has been "arrested for the murder of his wife. Charles murdered Diana which is common knowledge in Europe and around the world.

Charles is a creep...his wife is a common bully according to her staff,” according to the real head of MI6. In the corporate news, we are being told “Charles tested positive for Covid and has gone into isolation.”

We also note that President Recep Erdogan of Turkey remains missing and we are hearing he will not be returning to Turkey. This news item reflects this:

The leaders of six opposition parties in Turkey said Turkey was experiencing “the deepest political and economic crisis” of its history and blamed it on the executive presidential system. They said their joint goal was to transform Turkey’s governance to a “strengthened parliamentary system.”

<https://apnews.com/article/business-recep-tayyip-erdogan-europe-turkey-middle-east-5960b2414b07b7bae6a10e6981d6a970>

The Turkish president was detained by the white hat alliance because he was trying to start a war with Russia in Ukraine, WDS sources say. Other leaders beating the drums of war will also be removed, the sources promise.

Russian FSB sources, for their part, say there will be no war in Ukraine.

The Russians just want to sit back and do nothing. Biden and his handlers are saying ‘war is coming, war is coming!’ but nothing will happen, just nothing. There won’t be any war for sure. You need to understand that Ukraine and Russia are the same people. We are like husbands and wives, the same family, the same education, the same institutions, the same military program the same mentality. The President of Ukraine is happy to get weapons and other stuff from the US but he is going to do nothing, is how a senior FSB source describes the situation.

The FSB believes when the war doesn’t happen, the “widely ridiculed” Biden regime will collapse.

Of course, we must never underestimate the Khazarian Mafia. For one thing, they are still able to replace many world leaders with lookalikes. For example, the fake Biden regime is trying to maintain the illusion they still control the CIA by putting a fake Mike Pompeo into their corporate media feeds. Take a look at the mask at the neck of the fake Pompeo below and compare it with the photo of the real Pompeo, who is working with the alliance.

<https://benjaminfulford.net/wp-content/uploads/2022/02/mask-man-244x300.jpeg>

<https://benjaminfulford.net/wp-content/uploads/2022/02/real-pompeo-300x200.jpeg>

We also hear but cannot confirm that Justin Trudeau, Emmanuelle Macron and many other leaders have been arrested only to be replaced with body doubles who still control levers of power.

The other thing we are seeing from the KM is a huge blast of fear porn. They are saying everybody is going to die of Aids, of Heart Attacks, from spike proteins etc. This is just not going to happen because they have been saying similar stuff for decades and yet people aren’t dying off.

https://benjaminfulford.net/wp-content/uploads/2022/02/photo_2022-02-14_18-28-59-284x300.jpg

To understand the real reason for their fear take a look at these demonstrations in Canada, Australia, Israel etc. and you can see a people’s revolution is well underway.

https://benjaminfulford.net/wp-content/uploads/2022/02/Israel-freedom-convoy.mp4?_=2

https://benjaminfulford.net/wp-content/uploads/2022/02/revolution-in-australia.mp4?_=3

Australian sources note for example “The revolution in Canberra will not be televised on the worthless Shit MSM. There are hundreds of thousands attending.”

https://benjaminfulford.net/wp-content/uploads/2022/02/more-australia.mp4?_4

The KM are not going to murder their way out of long-awaited justice this time around. That does not mean they won't try though, as this CIA message makes clear:

The corrupt police force in Australia's capital, ACT Canberra, is deploying a signal interrupter to disturb any transmission of live footage of the protests. These can also be used as frequency weapons, producing the Havana effect and if kept on too long will make people very ill and cause permanent brain damage. It is very real and needs to be smashed down.

<https://benjaminfulford.net/wp-content/uploads/2022/02/area-denial-weapon-300x202.jpeg>

Message to Canberra police: you will be shot down by Australian special forces snipers if you deploy those weapons against the Australian people.

The same is true elsewhere. The police and military must not attack their people or they will face instant justice.

We know the US military does not support the fake Biden regime and will not go to war on their behalf. Other military forces need to take note of this or face terminal consequences.

Speaking about terminal consequences; the Japanese have begun to attack the KM. A Japanese right-wing source close to the Emperor says a big secret move was made last week against the French branch of the Rothschild family. In essence, they are being kicked out of Japan and much of Asia, the source says. This was why a fire broke out last week at the money printing factory of the Bank of France. It is also why a senior member of the Japanese imperial police was arrested last week. Japan is about to become an independent country again for the first time in 80 years.

<https://www.independent.co.uk/news/world/europe/fire-bank-france-money-printing-factory-b2011307.html>

<https://www.yomiuri.co.jp/national/20220209-OYT1T50367/>

Finally, we will conclude our report this week by looking at the latest developments in project blue beam and space wars. On this front, the biggest development was someone shot down 49 of Elon Musk's Starlink satellites.

<https://www.the-sun.com/tech/4646489/elon-musk-starlink-satellites-geomagnetic-storm-spacex/>

They were taken out by a DEW earth-based beam owned by the KM cabal, according to the CIA. “They do not want Musk taking control away from their hold on global communication. Musk is currently under the protection of the Alliance. He is being watched carefully (as he likes riding the fence). The DEW hit came from Europe, not from the US,” the CIA says. They hinted the attack came from around the Vatican or Lake Geneva.

We were also sent these latest blue beam-related images. For sure the world is entering uncharted territory.

Saint Germain of the Violet Flame

Transformation of the Illusion

Saint Germain via James McConnell - February 17, 2022

I am your Saint Germain. And I applaud you, each and every one of you, for speaking about transformation.

For this entire experience that you are going through is all about that, all about transformation.

Transforming your very lives. Transforming the illusion that, as I said, is no longer there.

Transforming it into the new vision, the new vision of the New Age of Gaia, the New Golden Age.

You are all creating that now.

And the more that you do experiences such as we just did, and hold that experience, hold that expression, that feeling, that life force within you, the I Am Presence that is within each and every one of you, and all life here, all consciousness here on the planet, the more that you hold that, and remember that, and be that, you are moving step by step toward this New Earth, toward creating this New Earth, creating this higher vibration and frequency.

It is the new fifth-dimensional Earth.

Is it easy? No. It was not meant to be easy. It was just meant to be simple.

But does it have to be hard? No. It does not.

It does not have to be a difficult journey. It is only the programming within you that is making it difficult. Let go of the programming, let go of the attachments, and the journey becomes much, much easier. Much more fluid. Much more flowing. It is up to you, each and every one of you as individuals, and also as the collective you.

You are seeing the transformation happen within your Freedom Convoys that are developing everywhere, are in motion everywhere. Because it is this motion that is catapulting the freedom, the freedom train, if you will, to spread across the country. Freedom of the Republic. A Republic that is by the people, and for the people—not against the people.

Together you are all forging this New Republic. Bringing it together. Bringing those that are in the leading forefront that can step out and say, “no more”; can step out and say, “follow me.” Just as many of you are stepping out of your comfort zones and beginning to say “follow me” to those around you.

Do they follow? Maybe not. But you are opening the door for many of them to do so.

Many of them to open up from their sleeping, their sleepfullness, into the awakening. Many across the planet, more and more and more, are awakening. Even though you may not fully see it, for those of the powers of darkness are still yet strong to hold that illusion in front of all of those that are still sleeping, attempting to keep them in that sleep state.

But the forces of Light are forging ahead and bringing the wakefulness, The Great Awakening, the Grand Awakening to all of those who have been becoming ready for it.

It is only a matter of time and, more than that, a matter of vibration. And as you

know, vibration is increasing everywhere. We see it in the light quotient that is spreading across the planet as more and more people are saying, "I love you." More and more people are saying, "I forgive you."

It is unstoppable now. The Light has already won.

It is only the darkness that is receding now in every pocket across the planet. They are still attempting to hold on. They are finding it more and more difficult to do so. As the vibrations increase, lower-vibrational energy cannot exist in the higher vibrational frequency. They are finding this more and more difficult, which is why they are reaching out, yelling out in many respects, doing many things that at one time were hidden, but now has come out of the shadows and are now being revealed that the darkness that they are.

Be patient, my brothers and sisters. A little while longer yet. But continue to notice how this transformation is happening, and will continue to happen, bringing about this great transition that is now preceding the Great Ascension of Humanity.

All of my love and peace be with each and every one of you. May you continue on, holding onto these higher vibrations, wearing your fifth-dimensional glasses and utilizing them, knowing that they are giving you light where before there was none.

Believe It, and You Will See It.

Pelekino'ahanei through Karinna Nielsen

Published in the Sedona Journal of Emergence - March 2022

Pelekino'ahanei: When your thoughts are steeped in love and open to change, you will feel guided through everything that challenges you in life. Center yourself in your truth and in the fullness of love; you will feel guided to release whatever is for your highest good in life. Release it, and refresh yourself; start anew. In your meditations, what are the thoughts from spirit that guide you? (These are not the thoughts created through your third-dimensional belief systems.)

How can you weave this guidance from your higher self and the realms of spirit to create more of what you desire in your life? As you tune in and realize that you are the creator of your experience, you can be similar to a child and play in the creation of what you desire. Whatever you need, it will be there for you, for you will create it in love.

When you desire a new path to unfold, conjure it in your mind, and you will see it take shape before you. It may not always come exactly in the way you think it will, but it will manifest. Just be clear, and believe with love. If you believe it, you will see it.

It may seem other-worldly, but give it a try. Change something in your life like a long-held belief that may have locked you into a life of lack, hardship, or sadness. Release the mindset that life must be a certain way, and replace it with self-love, knowing that you deserve all the happiness in the world.

Let your heart guide you through what may be very challenging times. Take a step into love, and leave the anger, fear, and hatred behind. Take just a step. If you feel like crying, please do. Release the long-held pain and despair. Then take another step in love. There is no turning back once you feel yourself moving forward into a new reality of love and possibilities.

Master the Journey of Evolutionary Light

Love is the key to mastering the journey of evolutionary light that moves you from level to level in this great shift. Can you feel love for yourself so strongly now that you release yourself from age-old lesson plans that go back lifetimes? Are you ready to heal old animosities that are weighing you down and hindering your growth and happiness? You are worthy of having what you believe. Believe it to be so, and so it will be.

Though you may feel that your problems and challenges are insurmountable, you must never lose hope or the sense of self-love that will guide you through the darkness into the brilliant light again. You are never alone. Be silent, and listen to the guidance of your heart. Release the despair, loneliness, and anger. Feel the guidance of your higher self surrounding you and lighting your path. Take a step and then another, and soon you will find yourself beyond the fear that has been holding you back.

This is a precious time. Use it to your great evolutionary advantage. Shift what you believe to be so, and you will see a new world unfold. In times of great shifts in consciousness, such as you are experiencing now, it is important to remember that the dawn of the new dimension will come. There will be times that you feel that darkness surrounds you, but go deeper. Go into your heart, and feel the light holding you and guiding you in love.

Come Into a New Awareness of Love

The completion of the third dimension on this plane ushers in a new beginning, a new era of love, peace, and harmony. Many will feel the rising waves of love coming onto the Earth plane. However, many will also struggle with understanding what this new awareness of love means. The light of spirit permeates all, and when you realize this, there is a moment of realization and a feeling of oneness that may be hard to comprehend, for the human world has been immersed in the illusion of separation for lifetime after lifetime.

What you are feeling is a shift in the collective consciousness, and it takes varied frequencies of love for each person to understand in his or her way that there is no separation and the love of the Creator permeates all and everyone. What you do to the planet, you do to yourself. What you do for or to another, you do to yourself. All are one. Each person is on a unique journey within the love of creation.

It is time to awaken now. It may feel like waking up from a dream — or a nightmare for some — but all will awaken all to love, each in his or her way. First, it is about comprehending it in your mind and allowing the awareness into your heart where you have the feeling of love. The understanding is then felt in all four bodies — physical, emotional, mental, and spiritual — while letting go of whatever needs to be released in order to adjust to this new four-body balance.

You are light within a physical embodiment moving through a journey on Earth. That is what you are. You may have heard it said before: “You are not a human being having a spiritual experience. You are a spiritual being having a human experience,” and that is so, but now you can feel it.

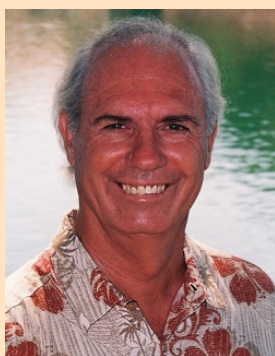

Feel the light. Feel light within you, and recognize it in every other being on this planet. Begin there. Begin in your life and the world around you to feel love and see it within all others around you.

My dear ones, you deserve to feel the joy of life again; go beyond despair, and embrace the beauty of your life as you desire it to be. In knowing the absolute truth of who you are and why you are incarnate on Earth, you will come into a deep awareness of self-love. In this awareness, you will move into the new dimensional energies available to you now. And so it is.
