

Nothing Is As It Seems

Esu "Jesus" Sananda via Dr. Edwin Young - March 30, 2022
Published at Wisdom of the Rays

No one is more surprised than my scribe that I have asked him to share a message—after more than five years during which time the answer from our Higher Realm had routinely been “not yet” to his many inquiries. That last message from beloved Archangel Gabriel [“Time’s Up For The Bad Guys” 12/12/2016] required until now to fully “sink in” and show the depth of depravity your President Trump is dealing with, while all too many had been hoodwinked into believing otherwise. Now most ones make sad fun of Mr. Biden as the bought-and-paid-for dupe that is his role in the twisted theatre of your nation’s political betrayal to its citizenry.

As my scribe rightly insists, I must first identify myself: I am Esu “Jesus” Sananda, spiritual leader of this Earth Transition Mission, recognized by many names around your planet and friend to all who ask for my help. This is especially true among the Lightworkers who are so often under such heavy attack in these final days of adversarial hubris and fakery, the likes of which even surprise at times we of the Higher Realms and the Host of God, as we work to guide your smooth transition into a 5D environment despite the many adversarial obstacles that challenge our goal.

Yes, it is that hubris and fakery unfolding daily around your planet, amplified through the willing collusion of your so-called news media, that I wish to address. Too many of you ones swallow those lies too readily. This is not a criticism so much as a call to you ones to step-up your discernment game. The adversarial forces fully recognize they are in a most dire “end times” situation of impending full exposure, and have therefore pulled out all the stops, so to speak, to effort to keep you in the dark, keep you guessing, and truly keep you mesmerized to their world view. As we have so often counseled, maybe in a somewhat humorous way, when in doubt about what your news programs are selling, begin your effort to discern the truth by assuming the opposite of what is said, and work from there. Take advantage of the many alternative information sources available now, especially through your internet, that are working to help you with your search for Truth.

My scribe is privy to certain information that will soon become public and which makes him jokingly wonder just how often you are spun in circles by your conniving media that tells you “white is black, and black is white, and red is green, and blue is yellow” which has led to the confusing situation so many mistake for reality. For example, have you wondered just how many Joe Bidens have been presented on your TV screens over just this past year? Have you noticed the differences? How about the Clintons? Where are they, really? Do you question

when “Mrs. Clinton” is shown walking down a New York street so bundled with a mask and head covering and bulky coat that the person carrying out the charade might as well be Santa Claus! I suggest listening to your discernment when your gut says to you: “Gee, so-and-so looks a bit different today.” Or: “I can’t really tell who that is behind the mask and sunglasses.”

There is so much of this kind of Photoshop-like deceit parading constantly on your fake media that my scribe frequently wonders anymore who is real and who is playing the role of ones who are already “being processed” in various stages of justice by military tribunals and other similar courts around your planet, but presently only happening behind the scenes. The most egregious deception you have been facing recently concerns the Deep-State-cultivated country called Ukraine. From its inception it was destined to be an “oasis” for serious satanic activities. This is not to say that the average Ukrainian citizen is aware of that, any more than most in your United States, numbed by fake news or just plain ignorance, are aware of similar activity there.

Let me pose a question for your consideration: If you were Vladimir Putin, with responsibility to protect your nation, and you had warned the debauched politicians governing the next-door cesspool for more than a decade to, among other things, (1) dismantle dozens of secret bio-warfare laboratories often purposely built beneath schools and hospitals and in residential neighborhoods, and where one of which was about to release an airborne rabies variant to facilitate further planet-wide lockdowns, (2) stop the massive pedophile and horrendous child-trafficking businesses, and (3) put an end to free-for-all drug-money-laundering operations for elite oligarchs worldwide—would you not, given the urgency associated with at least the impending bio-warfare possibility—feel justified to “go in and clean up the trash” and “take out the garbage” as Putin privately communicated to Trump was his mission for the welfare of the entire planet?

Of course there would be inescapable collateral damage; such is inevitable in any war, especially when doing battle with such a brilliantly evil adversarial force that has no conscience and feels the panic of running out of time. These dark ones are fighting to maintain their very existence on your planet and a major base for their activities is now in the process of being destroyed—both above and below the ground! Meanwhile, alongside skirmish-fomenting and completely unacknowledged American mercenary troops on the ground there, the average well-meaning Ukrainians have been patriotically duped and stirred up to fight the Russian troops who are there to execute a specific clean-up mission. Again, remember: nothing is as it seems.

As we of the Higher Realms have mentioned to you so many times now, your planet is gradually entering a region of much higher energy. That energy is being further supplemented by energy inputs from many peace-loving others, from both near and far, assisting your planetary ascension at this time. There are also incoming major “cosmic” energies emanating from the Great Intelligence of your great central sun Alcyon. This is indeed a massive “birthing” endeavor beyond the scope of understanding of you ones there in the physical realm at this time. When you arrive at the point where these incoming energies activate and open presently latent senses, you will be able to see (and be dazzled by) the grand interplay of all these loving energies we speak of.

As we explained in some detail in this scribe’s earlier (2016) message from Archangel Gabriel, these high-frequency incoming energies are toxic to the low-energy adversarial forces who have infested your planet for many centuries, causing wars, famines, pestilence, and many other kinds of strife. They must constantly invent events and conditions to cause you ones to emit fear and other low-frequency vibes to keep them “cool and comfortable”—to keep them from frying like eggs in a skillet, so to speak. But their days are numbered at this time, and that is the root of their extreme desperation now being acted out on the world stage through whatever susceptible low-frequency agents they can manage to influence.

Meanwhile, we of the Higher Realms are (and have long been) working hand-in-hand with what you ones euphemistically call the “White Hats”—both of a terrestrial and of an ET nature—and all terrestrial Lightworkers worldwide. You Lightworkers must begin to more fully remember and embrace the fact that you volunteered for this service at this time, and earned your chosen position as Ground Crew due to past accomplishments! You knew this would not be an easy duty station. It is fine to acknowledge being a bit tired at times of just how rough this planet’s challenges can be. That’s why we always remind you to call on us, from the Higher Realms, for support. You are never alone! Know that the game is already won at the level that matters; only in the physical realm, and lower astral, will the skirmishes persist for a while longer.

Our many beautiful ships of all shapes and sizes are monitoring from your skies constantly, whether you see us, and thoughtfully interact with us, or not. The geographic area where my scribe lives is so often filled with massive “cloud ships” that he shakes his head in disbelief that so few ones even notice—or worse yet, believe the so-called “scientists” whose explanation for the visible presence of such ships (they call wind-driven lenticular clouds) borders on the absurd. This more visible sky-presence is especially true of Geophysical Commander Ceres Anthonious “Toniose” Soltec’s continual operations to stabilize important earthquake faults worldwide, and overall provide healing for Mother Gaia. His attentions are particularly necessary when there are geophysical repercussions from when we must neutralize the activities of underground base facilities that are up to no good. It’s all part of the planetary clean-up.

I shall leave you now with much to contemplate and hopefully bolster your resolve to remain in the Light, to share that Light, and to go about your days with my loving assurance that a new world is indeed being born right before your eyes. I am Esu Sananda, known as Jesus by many on your planet, and I leave you in the Light of our Divine Creator in whom all things are possible. Salu.

Timing of RV, Med-Beds, Timeline Split, Solar Flash/Ascension?

Archangel Michael, Commander Ashtar, and Mother Mary via Dancing Dolphin

March 31, 2022 - Published at Voyages of Light

Dancing Dolphin: What’s happening with the RV, Med-Beds, Solar Flash/Ascension, Timeline split? I asked my contacts to provide a message for Lightworkers if they had something to share on this topic. I asked for clarification only because I realize that we cannot get timing on these events. This was a verbal message and I transcribed it later, over a few days. I also asked Metatron to be my Gate Keeper for protection and to allow only one Being in at a time.

Archangel Michael: Greetings, Lightworkers! This something that need not be talked about. It is not important to anyone's spiritual growth to know the future. It is only relevant for those who have not done the work, who have not purged themselves of malignancies, of dark thoughts and deeds; those who are not focused on the light. These are the only ones who need this type of information...meaning that you and your Lightworker friends who are indeed already 'high above' the rest have no worries. Because no matter how it plays out, dear hearts, you will all be taken care of!

I realize that it has been very difficult for the Lightworkers. You have had a hard time your whole lives. You have used your shields and protected yourselves as much as possible, but many arrows still pierced your hearts. Those with closed hearts and minds felt threatened by your willingness to step outside the norm, your curiosity, and your bravery. They were jealous so they taunted and ridiculed you. I say to all of you---kudos for standing your ground!! Even if this cruel treatment made you go silent. You still stood your ground and continued your pursuit of the truth, of the light and of spiritual knowledge. You were true to your Soul. So, kudos to all of you! Congratulations! Bravo!

You are a special group! Lightworkers and Starseeds, you're doing an outstanding job! If this so-called timeline splits at this very moment, you have no concern. Those of the lower vibration will go their way and you need not worry what happens to them. They have chosen their path. You have chosen to search out the light and to gain knowledge.

Those of you who have planned to become Humanitarians, you are prepared for that positive outcome. So, if the **RV** (Global Currency Revaluation) happens--you are prepared and ready for your Redemption Appointments. You will share your heart about what you wish to do, then let the chips fall where they may.

If the “ **solar flash** ” (Ascension) that you have heard about arrives first, you will be gently guided on a new path. Those of you who are ready for your next leap will be ushered on a path towards that outcome. Your Soul and Higher Self have absolute choice over what you want to do! This is not something that is done to you. I will not go into details about that, but just know that everything will be done for your highest good. So, I say this with the most love and respect to all of you: I wish you to be at peace and not to worry about what may happen.

If these so-called **Med-Beds** are coming or not is not important; because either you will have them when the RV occurs, or you will not need them because of the Flash/Ascension. So, you are fine! And even if some of your family members or closest friends chose the “other” path, you will be at ease with that because you know that they made the choice that is best for their Soul direction.

Be at ease, dear Ones. I love you all more than you can know, and I am very happy to speak with you tonight. This is your Arch Angel Michael. I will sign off now. (Thank you, AA Michael!)

Continuation of Dancing Dolphin Message

Commander Ashtar: Hello, dear Lightworkers of Gaia! This is Commander Ashtar, and this indeed is my title. We know that there are multiple storylines floating about Gaia within various circles. Possible outcomes and many timeline projections are being shared on your internet. And that's exactly what they are—projections. I want to explain a bit about “how things happen” for humans on Gaia.

We (Ashtar Command & the Galactic Federation of Light) came to Gaia many years ago at Mother & Father God's request to assist Gaia with her and her people's Ascension. Gaia herself is an Arch Angel, a very evolved Being full of love. She stepped into this role of becoming a planet and taking it from darkness to light. Through billions of years Gaia held steadfast while things happened that were unexpected and countless civilization rose and fell. She stayed the course with love and patience in her heart.

Many of you on the planet now have been here since right after Gaia's creation. The call rang out and you volunteered to assist with this grand experiment we call “Project Gaia.” You, through your various “Soul Sparks” (you may call them past or future lives) worked tirelessly by planting seeds of light on Gaia and in the hearts of mankind over thousands of years. Your Soul Sparks have lived lives on Gaia, on other planets and even on our ships. Dancing Dolphin has met two of her Soul Sparks who both have served in the Galactic Federation at different times; in different capacities and who hail from two different planets. So, we all are family dear Ones, all family, and we're all working on this massive project together! The Project is to bring Gaia back to the light. To bring Gaia (and all her peoples) up, up through all the steps of Ascension, from the dark to this light.

Some of you help us with this in ways that you aren't consciously aware of. For example, you come up to our ships as your body is sleeping. Your Soul travels via Astral Projection to participate in meetings with us. You are our “Boots on the Ground” and give us reports on what's happening on Gaia from your point of view; for example, how people are thinking and feeling around you. You provide us with information that we use to help make certain decisions.

HOWEVER--and this is VERY, VERY, IMPORTANT! What happens with your Timelines, whether the RV, the Med-Beds or the Solar Flash comes first is not controlled by us! The **HUMAN COLLECTIVE CONSCIOUSNESS OF GAIA** is controlling what is happening. You all give feedback through your subconscious, and you all decide together what happens. Whether the RV goes, whether this or that happens, even down to weather or wars. I know some of you think that it's “God” that does this, but this is an INTERACTIVE EXPERIMENT, and YOU ALL ARE IN CONTROL. We assist.

So, if most humans on Gaia feel that “this is taking too long” or “this is going too fast, we need to slow it down” then that is what happens. You all decide together, and we assist in carrying out your directions. Regarding things like splitting timelines—we can assist with that, but we do not interfere. It is your collective call! Mother and Father don't interfere either. So, I cannot tell you when Med-Beds are coming or if the RV or Ascension will happen first, etc. I can't tell you because I don't know. You all collectively decide that! OK? You decide it together.

Understand that it is your **Higher Selves** that are making these vital decisions—not your 3D or 4D minds. Many of you in your 3D or 4D minds may be saying “I can't stand it anymore! It's horrible here! We must go now!” But your Higher Selves who are wise and a little bit removed will say things like “We're not ready yet, not ready to jump. We want more people.” This last example is what has been occurring in the last 10-15 years as you have been rapidly approaching your Ascension.

You may not like to hear this, but you also collectively decide if something like a pandemic would be beneficial in the long run. Meaning, look how that has changed everyone's lives in just a very short period. It woke many people up by taking them out of their daily grind. Many people were forced to change the way that they worked and lived. Families were able to spend more time together and the result was a change in perspective. Humans took stock of their lives and decided what was important to them.

As a result, there are many positive outcomes that were realized even with the tragic loss of life; and you ALL decided that. There were those who instigated this course of action by creating the virus but collectively you allowed it to happen. And I will add that you allowed it to happen with the least number of casualties possible. It could have been a billion times worse, but you all controlled that. OK? I am trying to give you a clue on how powerful you are! Individually and as a Group.

This is a very interesting and fantastic question, Dancing Dolphin, and I'm so glad that you asked it. I'm aware that some of you who are awake and conscious have been practicing group meditations. I'm hoping that you all realize how powerful you are together, how you can control your future together! You choose what you want to happen and make it so. You (individually and collectively) can do that! State your intent, visualize what you want and so it is! Keep focusing on what you want. Don't listen to all the other storylines floating about. That doesn't do you any good. That pulls you out of your power because then you begin to question, flip-flop and worry needlessly. Step into your power and stay in your power.

All the powerful energies that have been coming into Gaia are lighting the way for you all. They are making it possible for your intent to become more focused and manifestations to come with ease. The timing of the Spring in the northern hemisphere is not by accident. It is a magical time of renewal and rebirth for Gaia and for you as well. You are stepping forth into your new reality. Join together, consciously create what you want, and you will have it.

Including, if you wish, helping those who are in 3D to wake up gently with their highest good in mind. You can imagine that. I wouldn't say manifest it because it is their choice. But you can imagine it happening and you can help them. And that's what you all have been doing. You have been doing all of this to help all of those who are still sleeping. So, I would encourage you, if you wish, to include these 3D people in your visualizations, imaginations, and your hopefulness of what the future may hold. Some these people who are on the verge of leaving 3D and going into 4D; they have become more empathetic and compassionate.

We see, we understand, and we hear you speaking in our meetings, and we tap into the collective unconsciousness. We witness all the suffering, depression and angst that is going on. The lockdowns were extremely difficult for everyone and now people are worried about a nuclear war. **I will say to you, a nuclear war is not going to happen, it is not allowed to happen. PLEASE don't worry about that!** However, this fear of that can be turned into something good. In the same way that the fear of the virus helped people to wake up and realize that they shouldn't take their lives for granted and that life itself is precious. Humans have been so focused on survival; working just to buy food and have a place to sleep that they forgot about living—through no fault of their own.

Remember—Humanity on Gaia now is the Guiding Force of your destiny. THE ONE WHO DETERMINES YOUR FUTURE IS YOU! YOU ALL! Your Collective Consciousness! There is no need to look outside of yourselves. That's what I wished to tell you. YOU HAVE THE POWER, so make it happen how you want it. Create the world that you want!

We have been so pleased as we watched you all come together to stand up for your rights and freedoms and for the disenfranchised. We have been so blessed to watch this and are so

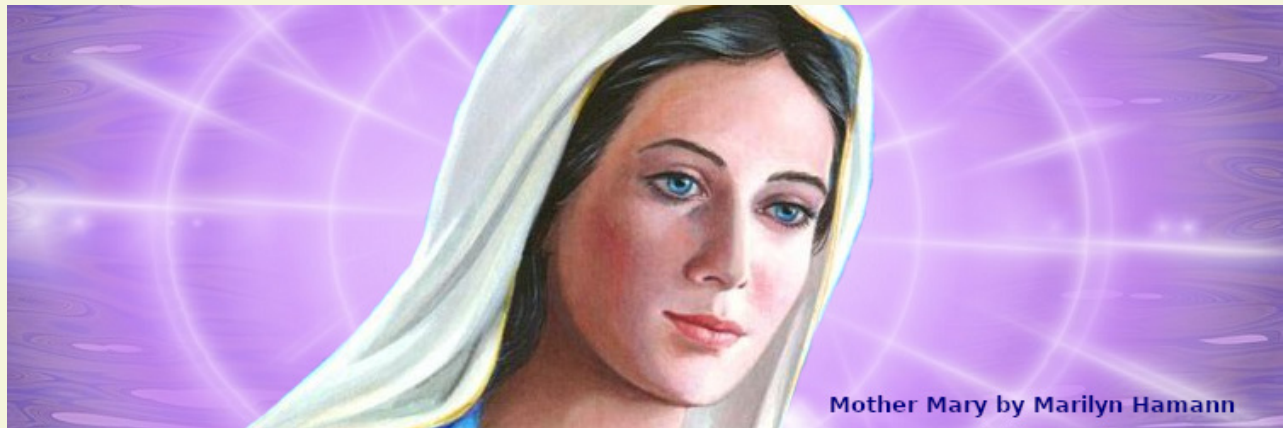

proud of you! And in the same way, we know that you can do this! You absolutely have the will to create your own beautiful world in exactly the way that you wish it to be.

We cheer you on constantly! The Company of Heaven cheers you on! We are your biggest fans, dear Ones. You are the rock stars, OK? (laughs), or comic book heroes, that's who you are! I will leave you all with these invigorating and empowering thoughts. You are not at the whim of some god-like being or out of control alien invaders. **YOU ARE THE HEROES!** That's the way it works. That's the way it's set up, that's what's happening.

I am closing, but I want to add this: things change quickly. You know the phrase "nothing's set in stone"? Yes? Well, please remember that a switch can be flipped very quickly. Meaning that if enough of you reach a certain level, something can happen instantly. Your constant input, manifestations and your intents are extremely important to focus on throughout your day. Even if you are busy at work, stop and imagine the world that you want as often as possible. Keep feeding your positive intent into the mix and that's how it's done.

Thank you for your time. I thank you for listening. I am pleased to come speak with you tonight about this because it's extremely important. And we love and support you all! We're here to help. Reach out to us if you want to talk. There are many, many of us on the ships who would love to talk to you all. Many of you have Soul Sparks on the ships and I know that they would love to talk with you. Sleep well! Live well!

You are powerful beings, more powerful than you know and we love you. Yours, Ashtar.
Thank you, Ashtar for coming to speak with us tonight! I felt your strength and conviction as you were speaking. We are grateful for your message.

Continuatin of Dancing Dolphin Message

Mother Mary: Dear Dancing Dolphin, this is your Mother Mary, the one who you think of as the Mother Mary, I AM an Ascended Being. I wish to come in quickly to say that all the Ascended Masters are watching over all of you. We're sending you our love and strength--extra courage for those who need it. All the support that you need—we are sending it.

We know how many are suffering at this time, and we encourage you all to hang in there as long as you can. I agree completely with what Arch Angel Michael and Commander Ashtar have said and I wanted to add that all of us are behind you all! We are giving you our love and support.

We are proud of you! We are confident that you will be successful in whatever outcome that you choose. We encourage you to gather together! Gather in meditation, gather in pure thought, and state your intents as often as possible. You are indeed powerful beings!

I send you my love. I am very pleased to speak with you all on this night. Eternal love, Mother Mary. *Thank you, dear Mother Mary for closing the messages tonight with your love and support. We are grateful. Thank you, dear Metatron for serving as my Gate Keeper. I AM grateful for your assistance.*

FLASH VISION & GUIDANCE FROM DR. JOY LOVE

Last week, Dr. Joy Love had a vivid dream in which she received a vision of the Flash and asked me to share it with you all. In the vision she was driving in her neighborhood and the surroundings looked like early Spring where she lives. She suddenly felt what she described as a magnetizing energy wave come over her and she was compelled to lay down.

She got out of her car and laid down on the road and briefly lost consciousness. She'd seen other cars and drivers around her, and they were all doing the same, so she wasn't worried about being run over. People were calm. Later she came to and got up into her car to lay down on the seat to be more comfortable. This vision gave her the feeling that this event is coming soon.

After waking up and in the days that followed, Dr. Joy Love began to get guidance regarding the Flash. She feels that we should be prepared to be down for 3 days or so.

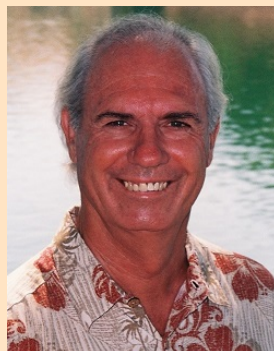

Here are additional tips from her:

1. Dress comfortably, go lay down when you feel compelled to.
2. Remember your pets and plants! Put food and water out for pets and a place for them to potty. Water your plants.
3. If you have a battery clock and a small notebook and pen, keep them by your bedside to keep track of days passing as most will want to know what day it is when we come to.
4. Perhaps keep fresh water and a snack nearby also.
5. She sensed that our bodies know what is going on and we will not soil ourselves in bed (or where-ever we are laying down).
6. Clean your kitchen and freeze things that may go bad in a few days, such as bananas.
7. Keep some healthy snacks and ready to eat type meals on hand so when everyone wakes up you can feed them quickly.
8. If you wake up before others do, please check on your family, neighbors, friends and all their pets.
