Timeline Wars

Timeline Wars

*Ivo of Vega & Ashtar Sheran via Sharon Stewart - April 24, 2022
Excerpts from an Article published on Voyages of Light*

Ivo of Vega: You must realize there is a battle going on right now over the timelines between good and evil, Light and dark, and efforts are being made either to allow the dark ones to make the mistakes they are fated to make, or to remove from them the possibility of their taking control – all the while respecting the free will of the people on planet earth. This is a monumental task.

We of the Galactic Federation of Light (GFL) do not need Looking Glass Technology – when one is a higher Light entity, you automatically see into timelines and can choose the timeline you wish to experience, because they are all for the learning. However the people of earth via the Alliance, now have that technology as well.

When Archangel Michael asks you to send loving white light to particular parts of the planet, or to particular events or to particular people, this is what he is asking you to do – to change or to stabilize the energy within the first timeline, because the occultists are trying to destabilize it so they can overtake it. This war goes on constantly.

Ashtar Sheran: There have been strange requests made of you, unusual things said, actions that do not make sense, well this is why. When Mr. T told the people of the U.S. to go home on January 6th, this is because he could see, by using this technology, what the Deep State (DS) was planning to do and he wanted to ensure that no P had any part in their plans, that you would all be guilt free although some were arrested, because he had created that scenario in the timeline via his words alone. Yes, this is the power of the spoken word, and this is the power that man holds.

Ivo : It is how we live. We take responsibility for our choices and with this responsibility we are allowed to see what choices we can live out.

Yes, timelines can be sped up and slowed down. Time is very malleable. The dark ones can manipulate the positive timelines to some extent. They go into the galaxy and create circumstances there with other organic beings or they can manipulate you into doing it for them.

Ashtar : When they can manipulate you into attacking that which is a good effort, such as Mr. P liberating the Ukraine, then you are also altering the natural timeline. This is why it is

important that people on earth wake up to their manipulation and are no longer able to be deceived – because then you will stop attacking the creation of the natural timeline as it is intended for the benefit of earth and the rest of the galaxy.

Your being manipulated often has a two fold effect: it keeps you on the lower vibrational artificial timeline but from there you also attack the natural timelines.

Ivo : In the third dimension, they had you, but when you began to break away and to begin ascension, they began to attack you in order to keep you on the artificial timelines.

The artificial timelines are constructed of lies, of lower vibrational energy which they have the technology to manipulate and the use this technology to manipulate your bodies and your minds.

Ashtar: Some of you may wonder how Sharon (the channel) is even here today with you, and it is because we have the ability to influence timelines. We put her in places where she is safer, however we have on occasion brought her back to life after she has died, and yes, you have died twice already or rather you have been killed twice already in your lifetime, and you have been reinstated by our turning the timeline back and avoiding the accident. Yes, it was car accidents that you were in. You believe yourself to be a good driver, yes, but other people are not. You have died twice already but here you are, at 60 years old, still with us.

I told you about the situation with the Spanish Flu which was a far greater outbreak than what you know it to have been. We turned the timelines around and allowed only enough people to die that desired to leave at the time. Those souls who did not wish to die were allowed to live on.

You just thought about the plane crash of Malaysia Airlines Flight MH-370. It was flying around the Indian Ocean, off track, and then suddenly disappeared. We took it out of the timeline. Yes, people did die.

There was someone important that had to be protected . We needed them to side with us. An IBM executive was aboard the plane, having just accepted a new position with Malaysia which would coincide with Chinese development in technology.

Also on the plane were 20 staff members from a U.S. technology company, Freescale Semiconductor, which makes powerful microchips for industries, including defense.

We had to remove these people from the timeline as their contribution to semi-conductor technology would have sped up the microchip implanting initiative several fold. They are safe and now working with us.

Ivo: Nobody on earth right now should be shocked to know they are that important to earth's future. Nobody.

Ashtar : The plane didn't go down. It was removed. There were parts found which were planted to give the relatives some closure as you call it.

Ivo : The people are still alive. All twenty one of them. With the knowledge they have, it is not possible to put them back in the timeline at this time. The agenda must be squashed first before they can be returned to the planet. There is still too much threat.

Ashtar: MH-370 was a white hat operation. We can easily steer your aircraft technology as well. We remove people, we insert people. We provide them with histories so that they fit in easily. They have the correct memories which we implant. We have many technologies to

manipulate the timelines.

At times people need not even be inserted, we can create holographic events and holographic memories of people. We can do the Mandela Effect too.

If the dark ones insert a bad player, we can insert many Light players to work on the experience this dark player creates. We can erase the dark player from the timeline. You have no idea what would have been done to you had we not done so. These people are sociopathic killers that want you dead.

Now you have a better idea of how we work, and why things are being left as they are at times. It's for the reveal, nothing more. You must go through an ascension process and this is a process of understanding your environment and learning to control it through self mastery. Nothing less.

Huge Expansion of Light on Earth Threatens to Destablize the Planet

A channeling received by Pam Gregory from an Anonymous Channeler

Published on April 26, 2022 at Voyages of Light (includes video)

Transcript from "A Channeling" by Pam Gregory, YouTube, April 18, 2022. A message from the Higher Dimension received by a lightworker who wishes to remain anonymous ~

"Our sister, this message is going to be very different from the previous ones. Your agreement to receive and spread it is essential, for its truths unfolding in the material dimension. We ask you to do it, because a new opportunity has arisen out of the pulsation of All That Is; of the sourceless Love that is the source and essence of All; to elevate the vibration of this planet which you see as your present home.

And then the message begins...

The web of Light is being expanded at a pace we had not expected to become possible so soon. When we say expanded, we mean the new nodes lighting up and joining the web. As heartening as this is, it threatens to destabilize the planet, as its lower vibrations cannot transmute at such a pace without destruction of their material base.

You know this already, but we must repeat it now. This planet's ascension can only happen whole, with every single human being rising to the vibrational frequency of Love. To bring back safety to the ascension process under these change circumstances, i.e., with the web of Light expanding so rapidly, it becomes the task of those of you whose vibrational frequency has already risen above judgement and separation to hold the space for those still in the lowest

range.

You can do so by remembering that you are all brothers and sisters, and all an expression of sourceless and endless Love. You are all made of the same stuff. As a new day dawns, you would not expect Light to be equally distributed across the expanse of the sky, nor did it occur to you to consider the parts already lit by the rising sun as better or more desirable than those areas of the sky furthest from the East, or to frown on the western sky for still harboring darkness.

As the sun rises, all degrees of Light and darkness are equally right, and as much as you rejoice at the coming of the day, you welcome its natural unfolding. In the same way, do not begrudge the low vibrational frequencies around you, and do not wait impatiently for them to be transmuted.

When you go outside to watch the sun rise, you admire the whole spectacle, and do not frown at the darkness for being too slow to light up; you know that it will in its own good time. By all means, make plans for the day, only do not feel impatient to start and blame the darkness for delaying them. Our sister, we ask you to spread this message, put it out into the world, and we will do the rest."

Khazarian mafia (KM) controlled G7 regimes are mathematically doomed despite increased repression

Benjamin Fulford Report - April 25, 2022

Despite resorting to extreme fascist repression, the Khazarian mafia slave regimes of the G7 are mathematically doomed. The reason is financial. They made the fundamental mistake of thinking that numbers on financial institution computers were real and not imaginary. This is why, for the first time in my memory, the G20 finance ministers did not issue a statement after meeting last week. If they had been honest, they would have declared bankruptcy. IMF Director Kristalina Georgieva came close to making such an admission at the meeting when she said "We printed too much money and didn't think of unintended consequences... We are acting like 8-year-olds playing soccer chasing the ball."

As the Zero Hedge Article linked below notes:

*Since the Lehman failure in 2008, the combined balance sheets of some of the major central banks have increased from just under \$7 trillion to \$31 trillion (Fed + ECB + BOJ + PBOC, according to Yardini Research). The steepest part of the rise was from March 2020, when assets for the Fed and ECB soared...if **the global conflict is financial, the West has lost it already. The geopolitical consequences are another story for a later day.***

<https://www.zerohedge.com/markets/era-financialized-fiat-dollar-standard-ending>

The Fed has increased fiat "special drawing rights" by 209% since March of 2020. Because GDP has not increased by 209% since then, all of this money is fueling hyper-inflation. History shows hyper-inflation always leads to regime change.

The Fed – U.S. Reserve Assets, March 2022 ([federalreserve.gov](https://www.federalreserve.gov))

Even more disturbing, for me as an Anglo-Saxon, is that when the US, Canada and England tried to stage a walkout of the G20 to protest against Russia, nobody followed.

The Anglo-Saxon nations used to have the respect of the world because they stood for democracy, human rights, competent economic management etc. I'll never forget when I asked the former head of MI6 "We used to be the good guys, what happened?" His answer was "the Khazarian mafia." This is because, like a caterpillar that has been infected by a

parasitic wasp, the governments of these countries have been taken over by Satan worshipping Khazarian gangsters. So, the politicians and military of the West were redirected -against the interests of their own people- to a project to turn the entire planet into a giant animal farm. This was to be run by Khazarian gangsters out of their ancient homeland, the place we now know of as Ukraine.

The KM took over the governments of most Western countries through a process of murder, bribery, blackmail and lies. This was directed at the very tip-top of the elite. Understanding the problem lies at the tip-top is also the key to overthrowing the KM. Just like a pimple, if you squeeze it from the bottom up, the pus comes out at the top.

Members of the public need to call their MPs and confront them with evidence of the crimes of people like Justin Castro (Trudeau). People in the military need to go up their chain of command and do the same thing, confront their commanders with evidence. Those who fail to act on this evidence will be revealing themselves as traitors. The punishment for treason is death by firing squad.

Here is some of the vast amount of evidence people can use in the case of Canada: Canada's Elections have been sold and their vote doesn't mean a damn thing in reality. It's all about who has the most influence, or who pays the most \$\$\$. This picture of Justin Castro with the Dominion server and Alex Soros together is just a fragment of the evidence for election theft i.e. treason. <https://benjaminfulford.net/wp-content/uploads/2022/04/castro-election-theft-300x278.jpeg>

If that's not enough, Castro (Trudeau) passed a bill into law on April 14th 2022 - under the guise of child protection - that turns kids into government property.

"He who sows hatred reaps... hatred... You can feel the shift that is taking place right now, remember the situation two years ago and see: The people are no longer afraid of the elites, that's why the game is over," a member of the Canadian Security Intelligence Service comments.

Let us take a look at the election that was stolen in France last Sunday. According to a CIA source, in exchange for agreeing to "lose," opposition candidate Marine Le Pen "will collect at least \$300 million for her part in the show. Pocket change for the KM satanic cabal." That is why she is seen smiling after "losing" the rigged election. A sentence to be guillotined is inevitable for her now. That will wipe the smile off her face.

"This evening in Paris the victor of a clear DVD [German intelligence] election fraud victory looks nothing like the real [Macron]," notes a British MI6 source. Fake leaders like him are "hidden away in some kind of vault with a stack of incriminating evidence planted against each and every one of them. Mafia is as Mafia does – use fear to divide and conquer," the source notes.

Riots have already started against the criminal regime in France. "I think the fight no longer lies in the ballot box. Today, this election has been largely discredited ... so it has become necessary to bring the fight to other fronts," Gabriel Vergne, a 19-year-old student at the elite Sciences-Po school of government said, reflecting the views of the majority of French people.

<https://www.reuters.com/world/europe/neither-macron-nor-le-pen-rallying-cry-disillusioned-french-students-2022-04-14/>

We realize that on the surface things look pretty grim and many people are asking where the white hats are. The long list of top KM leaders "testing positive for Coronavirus," is a sign they have been arrested, CIA sources insist. Please see the recent examples below.

However, even if the West is unable to cure itself of its infection, the rest of the world is on the case. The Russian military action against KM headquarters in Ukraine is the most obvious example of this. Again, since this has been extensively covered elsewhere, we will only touch on a few key points. One is that, according to a Russian FSB source, so-called Ukrainian leader “Volodymyr Zelensky is a walking dead man like Joe Biden.” The source explained they were both drugged-up avatars with no real power and that the people behind them were not going to last long.

Most of the Ukrainian and Nazi troops are also semi-permanently stoned with three tablets of “war chemicals” per day. This makes them cheerful and insensitive to pain. “The United States is supplying it in wild quantities and is watching how it affects the military in the long run because they don’t care what happens to these people later,” said Alexander Borodai, a former head of the DPR and a deputy of the State Duma of the Russian Federation.

Captagon (amphetamine + theophylline) was previously seen by journalists in Syria. It is claimed that this substance is highly addictive, turning off the feeling of physical pain. Badly wounded insurgents have shown an unusual ability to continue fighting under this chemical.

<https://benjaminfulford.net/wp-content/uploads/2022/04/jihad-drug-300x169.jpeg>

Zelensky is also going way off the reservation by asking publicly for \$550 billion in damages and \$7 billion a month to keep going. Furthermore, most of the weapons being sent into Ukraine by the West are being sold by gangsters to other countries and not used against Russia. “Zelensky will have an accident very soon, They are almost ‘finished with his services,’” a Mossad source promises.

Also, while the western world has been distracted by an almost constant barrage of coverage about Ukraine, big events elsewhere are being under-reported or ignored.

The biggest may be what is happening now in Pakistan and Afghanistan. Here a new opium war has begun. When the Taliban government, in coordination with China and Pakistan, announced they were going to stop poppy production the heroin-pushing division of the Khazarian mafia went on the warpath.

The UN says Afghanistan produces over 9,000 tons of opium per year. This, when translated onto a street price of \$30 per gram, means a \$270 billion deep state industry. So that’s 270 billion reasons to overthrow leaders like Pakistani President Imran Khan who are opposed to opium production.

That is the real reason why US assistant secretary of state Donald Lu was sent to tell the Pakistani establishment that “Imran Khan needs to lose the vote of no confidence, otherwise Pakistan will have to face consequences.”

That also seems to be the real reason why the latest avatar of Bill Gates visited Pakistan recently. He appears to have bribed a bunch of generals and politicians in Pakistan to overthrow the government of Imran Khan.

<https://benjaminfulford.net/wp-content/uploads/2022/04/gates-212x300.jpeg>

The problem is that very little of that opium and heroin money actually ends up in Afghan or Pakistani hands. That is why the largest demonstrations in Pakistani history have been raging. There is also now open warfare between the Taliban and the Pakistani military.

<https://benjaminfulford.net/wp-content/uploads/2022/04/pakistan-300x169.png>

The Chinese have also cut off the flow of money to Pakistan following the KM drug mafia coup. China failed to re-issue loans totaling \$4 billion that Pakistan repaid in late March. This caused Pakistan to lose one-fifth of its electricity generation because it could no longer pay its gas bill. <https://www.ndtv.com/world-news/china-hesitates-on-bailing-out-sinking-ships-sri-lanka-pakistan-2887151>

That's why Miftahm, puppet Prime Minister Ismail Sharif's finance minister said suspended talks with the International Monetary Fund (IMF) would be resumed as a priority.

https://www.reuters.com/world/asia-pacific/pakistans-new-government-facing-severe-economic-challenges-aide-says-2022-04-12/?utm_source=reddit.com

The problem is Pakistan will not be able to pay for gas with IMF funny money. None of the big producers, including Russia, Qatar and Saudi Arabia are accepting fiat BS money anymore. The drug dealing department of the US government is about to find out that whores, including political whores, don't provide honey if you don't provide money. Using fake Islamists to plant bombs in Afghanistan is not going to pay the bills.

<https://www.bostonglobe.com/2022/04/22/world/taliban-vows-crackdown-isis-violence-surges-afghanistan/>

We also note instability in China, especially in Shanghai where a massive lockdown has continued for over a month. There appear to be two dimensions to this lockdown. One is that President Xi Jinping has just thrown his hat in for an unprecedented third term as China's leader in a leadership reshuffle due later this year.

<https://www.hindustantimes.com/world-news/xi-jinping-set-to-secure-unprecedented-third-term-as-china-s-leader-101650633317417.html>

This is being fiercely opposed by former President Jian Zemin whose support base is Shanghai. So, it looks like a crackdown by Xi supporters. The fact residents are being ordered to hand over passports 'until after the pandemic,' also backs the idea that a purge is underway. <https://www.rfa.org/english/news/china/passports-042022123626.html>

However, it also looks like economic warfare against the fake regime of Joe Biden because the effect of the lockdown is to cut off Chinese exports to the US. Already in the US Truckload contract load volumes from West coast ports dropped 4.5% this week, marking 7th consecutive week of plunging truckload volumes. This is what happens when you go bankrupt, people cut you off. <https://www.zerohedge.com/markets/global-shipping-update-china-about-wreck-your-summer>

Finally this week, we are going to take another dive into the X-files. Our secret space program sources insist the upcoming regime collapse in the West will uncover a huge hidden world of alien influence and suppressed technology. In the videos below, there is evidence of suppressed ancient technology and long-term human contact with aliens.

https://benjaminfulford.net/wp-content/uploads/2022/04/video_2022-04-25_14-10-40.mp4?_=_12

As usual with all this space stuff, while we find it fascinating, we are definitely under some sort of quarantine or else this would be affecting our real, everyday lives, However, it's clear the world is heading for a new age and not just a regime change.
