

## ***The Coming New Systems of Truth***

*Ashtar Sheran via Sharon Stewart - June 10, 2022*

*Summary of Text Published at Voyages of Light*

**Background:** Nuclear War is not an earthly issue – it's a universal issue. The universe is made up of the collective consciousnesses of all who live in it so a nuke has the effect on universal space analogous to having your brains blown out, or maybe blowing your mind but not as nice as that.

**Ashtar Sheran:** Do they really think that those in power now are so strong of mind that they would stop themselves or others from blowing up this world? Do you really give them that kind of credit? If you do, you are deluding yourself.

These are not benevolent people with a benevolent agenda. They have developed nuclear weapons with the intention of using them upon other planets.

Their agenda is sick, and we are fed up of their threat, their evil. It must be dealt with and this is their last stand. This is where we have them. They will not get off planet earth and planet earth will benefit from their evil agenda as it rises in consciousness. You will see the truth, and you will take matters into your own hands. You will overcome them! The People will.

Elections are fraudulent and only being used to forward the globalist agenda. You saw this in the last two Canadian elections. Nothing is being done to stop them. In fact an entirely new system will be put into place. It is said that 38% of the people of Ontario (Canada) voted because obviously people are aware the system is rigged, so now we must put into place a voting system that is untouchable. This will be done through Starlink. It will not be ready for the November elections. After November's elections. What will happen first is arrests.

A new system. One the people can use that is not corruptible will be put into place. In fact it already is. Why do you think they're panicking? The new system will become more visible within the next few months. You'll start to see a new system developing. Watch Elon Musk among others. You see you have Truth Social.

Censorship free social media is there. You (Sharon) use Rumble, you use your website and now the QFS has reinstated your YouTube account. Yes, you realize this. You were told last night that YouTube censorship was overridden by the Quantum Financial System ( QFS ) and it was. We watch all of this.

The Biden administration will be taken out this year. Keep focused on it. Archangel Michael is asking you to send energies to the Biden administration and this is to disempower them. The

June solstice is coming up so this will be a good day to do so. You are feeling the effects of the energies in your personal life now as everything is being quickened. Changing a world is hard work.

What kind of new governmental system will be put in for the States? One where the people have control over their vote. It will be based upon issues, not voting for specific people. Why? Because people are corruptible. And there will continue to be corruption. And we will continue to arrest them. Adonai.

## ***The System Busters Perspective***

*Sananda via James McConnell - June 10, 2022*

*Published at Voyates of Light*

I am Sananda. I come at this time to be with you, to continue to share, to continue to bring messages forward.

So it is time now for you to consider a matter of perspective, as many of you are at times disconsolate, afraid even, but coming to the control issues, the fear issues that are everywhere across the planet, as those of the forces of darkness continue to hold on to, or attempt to hold onto that control and attempt to continue to spread fear.

Sometimes we do succumb to that, even for just a moment. Then once that moment has passed, your discernment kicks in, and you realize once again, and you feel those higher vibrations once again, then the fear dissipates, no longer to be controlled.

Think about perspective now. And how this short period of time compares in the larger picture, compares to how long you've all been at this, forgetting for a moment that you've all done this before as the '**System-Busters**,' as we've called you.

Forget about that for a moment, and just think back to before you came into this evolution here, on the Earth, and the Great Conclave that happened when all of you were called forth. You volunteered to come here. You've heard this many times before.

But perspective. Thousands and thousands of years ago, a long, long time ago and yes, in a galaxy far, far away, you began this journey.

And you came lifetime, after lifetime, after lifetime finding yourself at times deep within the darkness, bereft of the light. Oftentimes feeling hopeless, helpless. There was nothing you could do beyond yourself to help the collective lifetime, after lifetime, after lifetime, forgetting again, and again, and again who you are.

And then certain lifetimes coming forward and you remembering and having the gifts of Spirit once again. Then to leave and come back again, and again forgotten.

But this lifetime, this one, so far into the future from when you began this journey. Here you are now on the cusp of bringing an end to this part of the journey. Bringing an end to this part of your **System-Buster career**.

Yes, I used that term purposefully, 'career.' For when you think about it in the larger perspective, this is your career: not a job, a career. Something you have been at for a long time. So now when you look at it from a larger perspective down to the smaller perspective, how much smaller is the picture now.

And many of you say it's been ten years since 2012 when we first began to hear about a lot of these things that are coming forward now. "It hasn't happened; we don't see if yet." But as we have said many, many times for those that have eyes to see and ears to hear.

Perspective. Thousands and thousands of years now come down into just a short period of time. Now at the end of that long, long journey, and the finish line is there. You can see it! You may not have crossed it yet, but you can see it! Would you see it in those past lifetimes? No. But now you can. It is there within your reach.

Perspective. Larger picture of the great universal plan, with a small picture, small show that is happening entirely now. Yes, indeed, it is a show, a movie, a play. The matrix. The matrix unraveling because of the Light. Because of your light.

Perspective. You are here now in this moment. And the moments ahead becoming fewer and fewer and fewer to reach the final crescendo which again is right there. The precipice of ascension is right there.

No longer allow yourselves to feel disconsolate, to feel depressed that you're not seeing what you want to see. For you are seeing what you need to see at this time, all of you.

It is all about perspective. I leave you now in peace, and love, and oneness. That you would continue to realize just how great an accomplishment you have all brought to this point of this journey together. **Sananda.**

### ***The Winds of Change & The New Vortex Structures***

*The Pleiadians via Christine Day - June 2022*

*Published at ChristineDayOnline.com*

Beloved ones we greet you. The winds of change continue to build in momentum on your planet. These energetic shifts are accelerating within your earth plane as the vibrational light held within magnetic core of Earth continues to increase in magnitude. Earth is now entering and aligning to the most sacred imprints of the Universe.

A series of new Vortex structures have been made manifest on the planet through these sacred imprints. These Vortexes hold the higher forms of frequencies destined to enable you to move into a next phase of your transition on the earth plane. These Vortexes have never been experienced before in the history of your Earth. The vibrational forms held within the Vortex's are communication towers that are designed to create vast changes within the rhythmic flow of consciousness light that is emanating from this resident Universe to Earth.

These communications from the Universe hold the higher forms of sacred light patterns that have been set in motion to promote, reactivate your natural abilities of communion. These patterns flow and work within the telepathic senses of your brain center switching back on a sensor that has been lying dormant within your Pineal until this moment.

These patterns are interactive between these higher elemental frequency Vortex structures and sacred sites. All sacred sites were originally placed strategically throughout the planet to enable a forming of a series of sacred spiraling spheres of light within the Earth. These Spheres are aligned to the communication towers that are becoming active now to support you in your next step of evolution. The Spheres transmission are being magnified through the configuration of the Stargates on the planet. The Stargates are playing a pivotal role in this transitional phase.

Those of you on the path need to develop the reawakening of your communion centers to fulfill your pre agreements of working more completely within the Galactic community. This is destiny, a time for the fruition of community gatherings to open between you and your Galactic neighbors.

Our role right now is to act as a guide; to instill a more complete understanding of your abilities that have lain dormant since this incarnation. You are ready to be moved, realigned dimensionally to your higher gifts. This involves the repositioning of your consciousness, which aligns you to your sacred senses. As you choose to re-engage within an alternate arena within yourself you enter a more complete aspect of the makeup of your being. This arena of your senses holds the design to bring you back into alignment to your higher knowing.

In Truth you have an indefinable unique power, an unlimited source of your energy which needs to be tapped into that is ready to flourish now within your existence here. Remember you have an untapped potential within your brain, which is referred to as your sacred senses. These sacred senses are held within areas of your brain that you have never utilized in this lifetime. The changing energetic arena of Earth is enabling you to hold the energetic platform for you to launch yourself, to utilize your sacred senses. This higher arena allows you to activate and stabilize within your higher potential of transmutation. This is where the entire setting of your brain waves transmutes into a higher energetic configuration that gives you a re-access into the doorway of your sacred senses.

***The Joy and Honor of Service for You and Us***  
*Archangel Gabriel through Shelley Young - June 10, 2022*

Dear Ones, you can't be controlling and guided at the same time. You can't decide you are going to do it all yourself and be open to receive at the same time.

You are going through profound change, both individually and as a collective. You are being made aware of what is not working for you so you can let go of the old and find new solutions and ways of being.

If you are perpetually exhausted by your life it is a sign that you have outgrown where you are and you are ready for expansion and new discoveries. It is an indicator that you are ready to up-level into something that is a much better match for you and your soul's agenda. Your soul is beckoning you forward into the new.

So allow yourself to be led. When you don't know what to do next get curious. Ask to be shown what is possible that you aren't aware of. Give the reins to your team who have the vantage point of being on the other side of the veil and allow them to show you the way.

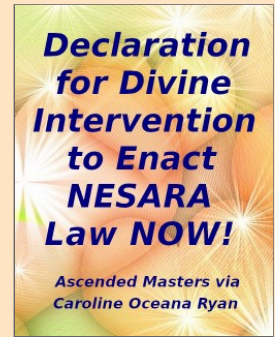

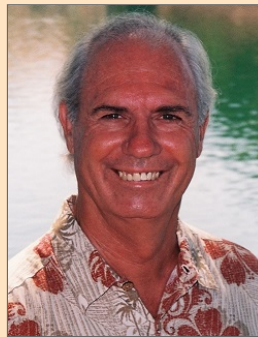

There is so much fun and wonder to be had in the discovery of the new matches and solutions that exist for you, that are patiently waiting for you. All you must do is be willing to explore in the realm of potentiality that exists just beyond what you can see, and that is exactly what your spirit team is in place to help you to do.

And if you hesitate because you think you might be disturbing us by asking for help, please know it brings us just as much joy to guide you into those discoveries as you have in making the discovery itself. It is great fun for us to get creative with our signs and synchronicities. We wait with bated breath and celebrate when you find your way to your next right time/right place scenario.

It's all very simple, you see. We can't know the joy of service if you don't allow us to serve you. By asking for our help you honour us in our purpose, as we honour you in yours.
